

WILSON SOLEMNLY WARNS THE NATION

**Declares That the Country
Must Be Prepared to
Defend Itself**

SPEAKS WITH GRAVITY

**Asserts Time May Come When
He Cannot Both Keep Country
Out of War and Maintain Honor**

NAVY SHOULD BE INCREASED

CLEVELAND, O., Jan. 29.—President Wilson, speaking, as he said "solemnly," warned the nation tonight that the time may come when he cannot both keep the United States out of war and maintain its honor as he declared that the country must be prepared to defend itself—and prepared at once.

Afraid of Danger of Inadequacy.

"America is not afraid of anybody," he said. "I know I reflect your feeling and the feeling of all our citizens when I say the only thing I am afraid of is not being ready to perform my duty. I am afraid of the danger of shame. I am afraid of the danger of inadequacy. I am afraid of the danger of not being able to express the correct character of this country with effectiveness when we are called upon to act in the field of the world's affairs."

The president spoke in Cleveland tonight with more gravity and force than he has shown during any of his previous addresses on preparedness. He was applauded frequently and when he spoke of defending the nation's honor the cheering was tremendous.

"Let me tell you very solemnly that you cannot postpone this thing," he declared. "I do not know what a single day may bring forth. We are treading daily amidst intricate dangers. The dangers that we are trading among are not of our making and not under our control. I think no man in the United States knows what a single week, a single day, a single hour, may bring forth."

Speaks of Nation's Honor.

Again and again the president spoke of the nation's honor. He declared the real man believes this honor is dearer than his life and a nation's honor is dearer than its peace and comfort. He said it had been difficult to keep the United States out of the war and he felt he had proved he was a man of peace when possible.

Regret that the question has come up in a campaign year was expressed by Mr. Wilson.

"Let us forget," he said, "that this is a year of national elections. The preparedness issue, he added, should have nothing to do with politics."

For the first time during his present tour the president spoke of the navy and of the coast defenses. The latter, he said, are good in quality, but not in quantity.

"Some people say the navy ranks second," he declared, "but the experts agree it ranks fourth."

He added that it should be increased.

Among the possible sources of danger mentioned by the president were the difficulties resulting out of the protection of Americans abroad and the obligation of the United States to maintain the liberty of the people of the western hemisphere.

THIRD NATIONAL FOREIGN TRADE CONVENTION ADJOURNS

NEW ORLEANS, Jan. 29.—The Third National foreign trade convention today adjourned without adopting resolutions on taking action on the various policies and means advocated by delegates as aids to the betterment of America's foreign trade.

Reports summarizing the work of the various group sessions devoted to phases of "commercial preparedness," were read to the convention by the chairman of the sectional meetings.

These group reports the convention was informed that sentiment was favorable to commercial preparedness.

WILL NAME SUB-COMMITTEE.

Washington, Jan. 29.—Acting chairman of senate judiciary committee announced today that unless otherwise ordered by the committee at its meeting Monday he would appoint a subcommittee of five to consider the nomination of Louis D. Brandeis as an associate justice of the supreme court.

According to custom hearings will be held by the subcommittees, but whether they will be public has not been announced.

Usually such subcommittees report at the end of a week.

STEAMER ANCHORS IN DOWNS.

London, Jan. 29.—The Greek steamer "Pontoporus," which sailed from New York Jan. 2 for Rotterdam is anchored in the Downs. She was in collision and her bow was considerably damaged.

FOUR ARE INDICTED FOR CHICAGO BANK ROBBERY

**CONFESSED LEADER OF QUINTET
TURNS STATE'S EVIDENCE**

Hoyne Announces Mack's Story Goes Much Farther Than the Details of the Robbery—Mack Will Not be Prosecuted.

Chicago, Jan. 29.—Four men accused of robbing the Washington National Bank of \$15,000 were indicted here today after Eddie Mack, confessed leader of the quintet of bank robbers, had testified before the grand jury.

Mack's story, according to State's Attorney Hoyne, went much farther than the details of the robbery and extended to allegations that fifteen Chicago policemen had protected criminals and that criminals had been imported from New York to Chicago to discredit the police department heads. No indictment was returned against Mack and the state's attorney late in the day announced that he would not be prosecuted "if he kept his promise to leave the country after testifying in the trials of the indicted men."

The charges of a carefully worked out plan to hamper the police officials in their endeavors to rid the city of criminals caused much comment in the city hall where a searching investigation of possible participation by policemen was promised. The four indicted men all were said to have come from New York. They were Alex Brodie, Harry Kramer, Harry Feln, and Charles Kramer. Each was held in bonds of \$30,000 on each indictment, the total bail being \$720,000.

An immediate investigation of the report that Charles Kramer held a Chicago saloon license was promised by Mayor Thompson.

REDUCE TRAPSHOOTERS LEAGUE CIRCUIT TO SIX CITIES

**E. J. Kumble of Alexander is Named
Vice-President of Organization—
Adopt Schedule of Tournaments.**

Lincoln, Ill., Jan. 29.—At the annual meeting of the Central Illinois Trapshooters League, held here this week, it was voted to drop the clubs at Shelbyville, Mount Pulaski and Jacksonville, reducing the circuit to six cities. The club at Mount Pulaski was merged with the one here and the club in Jacksonville was consolidated with that in Alexander. The schedule of tournaments was adopted as follows:

Decatur—April 19-20.
Bloomington—May 10-11.
Lincoln—June 21-22.
Springfield—July 12-13.
Peoria—August 9-10.
Alexander—Sept. 13-14.

Officers elected for the coming year are: A. C. Connor, Springfield, president; Vice president, E. J. Kumble, Alexander; Secretary-treasurer, Roy Castle, Lincoln.

SENATOR OWEN UPHOLDS PRESIDENT'S MEXICAN POLICY

NEW YORK, Jan. 29.—United States Senator Robert L. Owen of Oklahoma, a Democrat, speaking before the Republican Club here today upheld the president's Mexican policy, advocated submitting a referendum to the people when the country is threatened with war and proposed a world agreement to boycott any nation seeking territorial conquest. He urged also that the United States government build an army of defense by employing the unemployed young men at a living wage to become proficient in military training as well as to develop the roads and other resources of the country. The present system of enlisting recruits in the army Senator Owen said is not effective.

JUDGE DENIES MOTION FOR NEW TRIAL FOR CHARLES MUNDAY

MORRIS, Ill., Jan. 29.—A motion for a new trial for Charles Munday recently convicted of conspiracy in connection with the failure of the LaSalle Street Trust & Savings Bank of Chicago of which Lorimer was president, was denied today by Judge S. C. Stough. The court also refused to grant a motion to arrest judgment and stay passing of sentence and sentenced the former banker to five years in the Joliet penitentiary. This sentence had been fixed by the jury which tried Munday. Munday was ordered committed to the custody of Sheriff Henderson at the Grundy county Jail. Munday wept when sentence was passed on him.

HERNANDEZ IS DEFEATED.

El Paso, Jan. 29.—General Miguel Hernandez, former Villa commander, was attacked by Mexican ranchers north of Comomachie in the Guerrero district and lost all of his horses, rifles and ammunition, according to a report reaching the border today. It was reported fourteen Mexican girls had been kidnapped by the bandits.

TO CONFISCATE PROPERTY.

Douglas, Ariz., Jan. 29.—Confiscation of property in Sonora state belonging to Mexicans classed by the de facto Carranza government as "reactionaries" has been ordered in a degree dated Hermosillo, January 27, and issued by General P. Elias Calles, military commander.

COMMUNICATION IS CUT OFF

BULLETIN.

PARIS, Jan. 30.—The prescribed trumpet signal announcing that "danger from Zeppelins is past" has been given and the city is again lighted as usual.

A man, three women and two children were killed by one of the bombs dropped by the raiders, when a house was destroyed. The other occupants were wounded. At other points there was only material damage.

PARIS, Jan. 29.—Paris has just been completely darkened in anticipation of a Zeppelin raid. Fire engines and squads of trumpeters are going thru the city sounding the alarm.

Searchlights are in operation and the noise of aeroplanes is heard in several directions but as yet the sound of only two shots has been heard. It is uncertain whether the shots came from approaching Zeppelins or were those of anti-aircraft guns.

A Zeppelin was heard over Paris at 9:29 o'clock and shortly after two bombs were dropped, injuring ten persons.

It has been learned that about a dozen bombs were dropped in all, killing ten persons and wounding thirty.

The western war front has been the scene of heavy fighting, the Germans having launched a determined offensive there.

After making, in recent days, several dents in the entente allies' lines, which had been straightened out again in whole or in part by counterattacks, the Teutons yesterday assaulted the allied positions along a front of several kilometers south of the River Somme and to the north-east of Neuville, in the Artois region.

The attacks resulted according to Berlin in sweeping gains, the village of Friz and 1,000 yards of trenches south of it being taken in the most southerly sector, while in the Neuville region 1,500 yards of trenches were stormed, the gains amounting to nearly a mile and a half of front.

The French account of the fighting in the south of the Somme differs materially from that given by Berlin. It is said the Germans failed in attacks except on the bank of the Somme, where they were able to drive a detachment of French troops out of the village of Friz.

Paris asserts that the attack has been checked and that some of the trenches lost were recovered in the first of the French counterattacks.

In its account of the fighting in the Artois, the Paris office refers to the operation mentioned by Berlin as taken place near Neuville it being asserted that portion of the trenches occupied yesterday by Germans were retaken.

Petrograd again points to the possibility of the operations in the Caucasus being extended.

Altho the country is broken and mountainous Russian military observers take the view that the Turks fear a junction of the armies and are taking measures to protect their lines against such an eventuality.

In the Balkans the Austrians continue to make progress in Albania, reporting the occupation of Alessio and San Giovanni di Medau on the Adriatic coast.

In Montenegro the capture of a total of 314 cannon, more than 50,000 rifles and 50 machine guns in the Montenegrin operations is reported by Vienna.

TELLS STORY OF "RUNTY DOG".

Washington, Jan. 29.—A story of a "runty dog" which was frequently attacked because it looked so harmless and a big dog which took its rest in safety because it appeared prepared was told by Representative Venable, Democrat of Mississippi, today to illustrate why he thought preparedness of the United States was advisable.

It was Mr. Venable's maiden speech. He is a young man elected to succeed the late Representative Witherspoon, former leader of the anti-preparedness forces in the house.

SEEK TO ARRANGE MEETING.

Petrograd, Jan. 29.—via London.—Information has been received in political circles here that the Germans are seeking to arrange a meeting between King Ferdinand of Bulgaria and Prince George of Greece.

TELEGRAPHIC BRIEFS

MACOMB, Ill., Jan. 29.—After four days trial a jury here today granted State Senator William A. Compton, a divorce from Mary Pearl Shriner Compton on grounds of desertion.

DECATUR, Ill., Jan. 29.—Louis A. Mills, commander of the Grand commandery of the Illinois Knights Templar, who was stricken with apoplexy yesterday, showed scarcely anything improvement today.

DECATUR, Ill., Jan. 29.—Harold McCleary, aged 12, accidentally shot and instantly killed his brother Gerald, aged seven here today.

ST. LOUIS, Jan. 29.—J. R. Campbell and Otto N. Chrismier, city detectives were re-fined \$100 each in court today for an alleged attack on a newspaper reporter. Workhouse sentences against them were dismissed.

DECATUR, Ill., Jan. 29.—An announcement was made here today of the approaching marriage of Rupert Nelly, a well known singer of New York City and Miss Fay McAdams, a St. Louis pianist. The wedding is to take place February 12 in New York.

WILMINGTON, Del., Jan. 29.—Frederick Fritz, of Reading, Pa., died today from burns received in a powder blast last night at Carney's Point, N. J., in the plant of the Dupont Powder company.

Six others were also burned, two seriously.

PARIS, Ill., Jan. 29.—Dr. D. M. Camerer, 92 years old, died today at his home here of paralysis. He had practiced medicine in eastern Illinois for more than sixty years, and for years was the oldest living graduate of Rush Medical College, Chicago.

DAVENPORT, Jan. 29.—Samuel P. Lauer, aged 60, was found dead this morning in the office of a saddlery company, where he was employed as night watchman. The gas in the room was turned on. No reason for the act can be learned.

SANTA BARBARA, Cal., Jan. 29.—Dr. Lois Fitch Mansfield, believed to have been the oldest woman physician in the United States, is dead at her home here today, aged 86 years. She is said to have conducted the first open-air school in America.

NEW YORK, Jan. 29.—The hotel which the Pennsylvania railroad company is planning to build on Seventh Avenue opposite the Pennsylvania station here will cost with its site about \$9,000,000, according to estimates made public today.

OKLAHOMA CITY, Okla., Jan. 29.—Two persons are known to have lost their lives today in a fire which started in a restaurant at Drumright, Okla., a small oil town, before it was extinguished had burned three blocks of business property, causing a loss estimated at \$200,000. Two other persons are missing.

HALIFAX, N. S., Jan. 29.—One officer and three soldiers were seriously injured and five soldiers received minor burns today when an explosion occurred in a military class in bomb manufacturing was listening to a lecture.

None of the men who were in the room at the time of the explosion has been able to give a definite explanation of the accident.

GIBBONS SIGNS CONTRACT.

St. Paul, Jan. 29.—Mike Gibbons of St. Paul today signed a contract with the Capital City A. C. of this city to meet any three fighters signed by the club during the present year, the local middleweight receiving a guarantee of \$30,000, according to an announcement tonight. Among those being considered as probable opponents are Les Darcy, Jack Dillon, George Chip, Jess Smith and Ted Lewis.

SATURDAY IN CONGRESS.

Senate.

Met at noon.

Senator Newlands introduced resolution for a co-ordination committee on national defense measures.

Military committee continued hearings on army bills.

Debate continued on Philippines bill.

Urged deficiency bill carrying \$13,523,247 passed.

Acting Chairman Overman of judiciary committee announced he expected to appoint a subcommittee of five to consider nomination of Louis D. Brandeis for supreme court.

Adjourned at 3:21 p. m. to noon Monday.

House.

Met at noon.

Representative Foss of Illinois eulogized former President McKinley in observance of his birthday.

Representative Henry made a speech favoring an embargo on war munitions. Representative Flood introduced bill to tax manufacture of arms for the European belligerents.

Adjourned at 4:47 p. m. to noon Monday.

FRENCH ACCOUNT DIFFERS

SAN DIEGO, Jan. 29.—By Wire- less to San Francisco—One hundred lives have been lost as nearly as any estimate can show and valleys for fifty miles north of the Mexican line lie desolate tonight from floods and cloud bursts.

With the death toll in the Otay Valley seemingly established at fifty and all relief agencies working in that direction, reports reached here late today of floods sweeping the San Luis Rey and San Pasqual Valleys, doubling the loss of life.

Take Seventeen Bodies From Bay.

With communication almost entirely cut off, it was impossible to list accurately the number of dead, conjectures and meager reports bodies were taken out of San Diego Bay before midnight. These had been swept down when the lower Otay reservoir went out late Thursday, and the current of the flood was thought to have carried many others out to sea.

The city of San Diego virtually was undamaged and supplementary resources are available to replace its regular water supply cut off by the breaking of the dam. Many injuries were reported from Tijuana Hot Springs, where a hotel collapsed. A cloudburst, reports had it, caused the flooding of the San Luis Rey and San Pasqual Valleys. The town of San Pasqual, an ancient village, cuddled in the mountains in a live-shaped, fertile valley, was said to have been wiped out.

Nothing was known of the fate of the towns of San Luis Rey and Oceanside, in the path of the San Luis river, but if the flood was of the reported magnitude it seemed impossible that the former, with its ancient Franciscan mission could have escaped annihilation. Oceanside is a summer resort with two good sized hotels and a population of about 1,000. The San Luis Rey valley contains one of the great miller and cattle ranches which dot the state and known to cattlemen throughout the world.

Railroads, highways, telephone, telegraph—all ordinary means of communication and relief—were gone with no prospect of early recovery. Only the sea remained and from it aid began to come.

Expedition for the United States warships in San Diego Bay was started in launches and barges for the Otay Valley. Reports were that the first landing party had been unable to penetrate the valley for reasons not given. The Destroyer Lawrence moved down from her station here and anchored off the mouth of the Otay river which stream ran bank-full after being dry for years. An overland expedition also was started from San Diego with pontoons and engineering equipment by which it was hoped swollen streams might be crossed and mired roads made passable.

No word came back as to its success.

Business Offered Swamps Wireless.

No one here knew tonight what was going on in the outside world. The wireless, the sole means of communication except by boat, could not begin to handle the business offered or even the press despatches. It was impossible to estimate the amount of relief work to be done because no word from the stricken valleys conveyed an idea of the number or plight of the survivors.

First reports of the Otay disaster reached here late Thursday. They told of ranch houses washed away and of cattle and stock drowned. Investigation appeared to indicate exceptionally high water and word came that the lower Otay dam was holding.

This dam, started as a reinforced concrete affair, was changed above foundation line to a strip of riveted steel set in concrete as a backbone for a loose-rock dam. Engineering magazines throughout the country commented on it.

The recent rains filled the reservoir for the first time. Last night the flood, bearing human bodies, with a frightful amount of wreckage, affected, seemingly beyond all doubt, the collapse of the dam. From no other sources, engineers said, could this water have come. Rain still is falling.

RECEIVES LIFE SENTENCE.

Urbana, Ill., Jan. 29.—Harry Slade who murdered his two children on December 16th, pleaded guilty today and received a life sentence at Chester. Three physicians testified Slade is mentally defective.

ARMY PLAN FACES SERIOUS OPPOSITION

**PROGRAM IS NOT FAR ADVANCED
AFTER THREE WEEKS HEARING**

Army Increase Bill Being Prepared by Senate Committee Will Be Devoted Mainly to a Complete Reorganization of the Regular Army.

Washington, Jan. 29.—While President Wilson is carrying to the country his appeal for national defense, one of the vital elements of the program he has recommended to congress—the continental army—faces serious opposition in both the senate and house military committees.

Such an army described by Secretary Garrison as embodying the most attractive scheme which could be devised to give a final test of the problem of training an adequate number of federal volunteers in peace times would be expected to prove 1,000,000 men of the total of approximately 1,000,000 which the entire plan is calculated to make available. Present indications are that the continental army proposal in some form will be written into the army increase bill being prepared by the senate military committee altho that measure will be devoted mainly to a complete reorganization of the regular army on a basis of approximately 235,000 men with the colors, increasing Secretary Garrison's proposal in that respect of nearly 100,000 men.

After three weeks of continuous hearing before various committees the administration preparedness program is not far advanced. Following is the present committee situation of the various proposals from the army and navy.

The senate military committee has heard most of the war department officials and man officers outside the department and expects to conclude its hearing next Wednesday. Representatives of the national guard are the most important witnesses remaining to be heard.

The house military committee has heard many department officials and other officers, will hear national guardsmen beginning next Monday and expects to continue hearings for two weeks or more.

The senate naval committee had discussed only the proposal to build a government armory and has not touched the administration building program for the navy.

The house naval committee has heard three bureau chiefs of the navy department on details of proposed navy legislation touching only indirectly the building program and has examined Secretary Daniels on the proposal to increase the capacity of the naval academy.

The house fortifications committee virtually has completed hearings on the proposed large increase in the cost of defenses, and also on ordnance features of the reserve material plans.

The house commerce committee has examined Secretary Garrison in connection with his proposal that development of plants to extract nitrates from the air be fostered so the nation will not be dependent on Chilean nitrates for explosives in time of war.

So far only one witness, Miss Jane Addams, representing the woman's peace party of America, has appeared before any committee in opposition to any increase whatever in the army or navy.

CAPTURES TROPHY PERMANENTLY.

Boston, Jan. 29.—Captain Tom Halpin, of the Boston Athletic association track team tonight captured the Colonel Pratt trophy permanently by winning the annual 600 yard race for the third time. Dave Caldwell a club mate of Halpin was second; Joe Higgins of Holycross, third and A. Biddle of Harvard fourth. The time was one minute, eighteen seconds was a track record.

MOTORMAN FALLS DEAD.

Chicago, Jan. 29.—W. H. Smith, motorman on a crowded West Side car, fell dead beside the controller box as the car neared the business center today. His last conscious act as he swayed at his post from an attack of heart disease was to shut off the power. Men standing on the front platform who observed the action described it as remarkable forethought for the safety of passengers.

SEIZE DANISH STEAMER.

London, Jan. 29.—A Reuter despatch from Copenhagen says the Danish Steamer Virdar, bound from Copenhagen for British ports with provisions was seized today off Elsinor by a German submarine. The steamer was taken southward, probably to Swinemunde.

NOORDAM REACHES NEW YORK

New York, Jan. 29.—The Steamship Noordam which was forced to put into St. John's N. F. for coal, arrived here today and reported having been held up twenty-four hours in the Downs by the British patrol, which removed all of the mail on the liner.

WABASH REPORTS EARNINGS.

New York, Jan. 29.—The Wabash railroad system today reported for December a gross increase of \$614,000 and a net gain of \$610,000. For six months the gross increase was \$1,604,000 and the net \$1,410,000, leaving a surplus after all charges of \$1,327,000.

ATTEMPT TO STOP STATE WATERWAY

**Hubbard Asks Injunction
to Stop Paying Out
of State Money**

ATTACK WATERWAY ACT

Constitutionality of Law is Questioned as It Was Never Submitted to People of State

NAME STATE OFFICERS IN SUIT

SPRINGFIELD, Ill., Jan. 29.—A petition for an injunction restraining the paying out by the state officers of more than \$300,000 of state money, in accordance with appropriations made by the 49th general assembly to carry out the provisions of the Illinois Waterway act, was filed in the Sangamon county circuit court by State Representative W. A. Hubbard of Carrollton, here today. The constitutionality of the act is attacked, inasmuch as it was never submitted to the people of the state.

Name Commissioners in Suit.

Waterway Commissioners John A. Logan of Elgin, chairman; James F. Haas, of Chicago, Samuel J. Drew of Joliet, M. M. Stephens of East St. Louis and Edward J. Kelly of Chicago are named in the suit.

Every state official who might have anything to do with the expenditure of money appropriated by the Forty-Ninth General Assembly for the building of the waterway was named in the petition, from Governor Dunne, Secretary of State Stevenson, State Treasurer Andrew Russell, Auditor James Brady to James Higgins, state printer expert.

The petition asks that Higgins be restrained from letting contracts for the printing of the \$5,000,000 bonds authorized by the legislature. The other officials, the petition states, should be restrained from paying out any of the \$30,000 appropriated for the initial expenses of the waterway, or the \$250,000 appropriated to pay interest on the bonds.

The waterway plan of the legislature was to connect the drainage canal with the Illinois river, thereby making a deep waterway from the Great Lakes to the Gulf of Mexico.

"Will Answer Them in Court"

When told the suit had been filed Governor Dunne said he had known of its existence for some time. "We'll answer them in court," he said. The governor was told the petition held that the act was unconstitutional. "There's nothing to that, in my judgment," he said.

In a lengthy statement issued by Representative Hubbard he stated that Congressman Henry T. Rainey of Carrollton, who opposed the bill vigorously before its passage, was not connected with the suit in any way. According to Mr. Hubbard Judge J. D. Trumbull, representative in the state legislature from Carroll county, and Representative Louis J. Pierson of Cook county, are associated with him in the suit as lawyers and said he had retained Attorney H. M. Masters of Springfield to assist them. The petition was filed by Attorney Masters.

BRADY SUBMITS REPORT ON BUILDING AND LOAN ASSOCIATION

SPRINGFIELD, Ill., Jan. 29.—State Auditor James J. Brady today submitted his annual report on state building and loan associations to Governor Dunne. Resources have increased during the year approximately \$8,000,000, there being a net gain in the number of associations of 22,108,153 shares were sold and paid to stockholders representing an amount of over \$10,000,000. Shares in force have increased during the year of over 130,000.

The report shows resources of the 632 associations in the state to be \$98,390,667.83, an increase of \$7,818,324.38.

AGREE TO HEARING.

Washington, Jan. 29.—The house foreign affairs committee today agreed to a hearing Feb. 24th on Representative London's bill calling on the president to convene a congress of neutral nations to talk peace.

WEATHER FORECAST AND TEMPERATURES.

Illinois—Unsettled weather Sunday and Monday; probably rain or snow; colder Sunday.

For President

L. Y. SHERMAN.

For Governor

ANDREW RUSSEL.

Congressman Rainey's friends claim that he is not responsible for the waterway suit just brought but Governor Dunne will give him credit for being at the bottom of the whole trouble. So the suit can be counted on to add largely to the "gaities" of Democratic state politics.

The more that Justice Hughes protests that he will not be a candidate for the Republican nomination for the presidency nor accept if nominated, the more insistent becomes the demand. But the whole country will have even higher opinion of the justice who thus declines the possibility of great honor in order that there may be no ground for criticizing the supreme court. Justice Hughes rightly insists that it would be a dangerous precedent for a supreme court justice to resign his post in order to seek political office.

Traffic Census is Planned.

In order to secure some accurate data as to the most needed improvements on highways in Livingston county, a traffic census is soon to be taken there under the county superintendents of highways. On a day to be announced men will be stationed at the intersections of various state roads in the county for the purpose of listing the number and kind of vehicles that pass during the day. This information will be used in connection with facts relating to population and land valuations in adjoining territory to determine the best means of proceeding in bettering the highways of the county.

"The Meanest Man."

One reads a story occasionally which indicates that the meanest man has been discovered and that feeling came the other day when it was recorded that a robber had entered the home of a cripple living near Eubank, Kentucky, and had robbed him of nearly \$11,000, the total amount of damages he had that day been paid by a railroad company because of the accident in which he was injured. The crippled man was chloroformed and the money was taken from beneath his pillow, where he had placed it just for one night's keeping.

But this meanness is rivalled by that of another kind in the instance of Mrs. George Arbuckle of Sedalia, Mo. Not long since Mrs. Arbuckle secured a divorce from her husband and the court decreed that she must receive an alimony of \$35 a month.

Rippling Rhymes By WALT MASON

EPIDEMIC

Life is a sad and painful trip for people who are aging. An epidemic of the grip o'er all the land is raging. The young men sneeze a while and cough a while and snicker; the old men break themselves in half when coughing, and grow sicker. The young recover when they take of medicine a spoonful, the old men dope and still they ache, and life is grim and puneful. The young lay off a half a day, when grip has sprung its warning, and they are back, serene and gay, to work, to amuse, to love. The old must sit around morning. The old must sit around the stove for weeks—which isn't funny—until the doc, a downy cove, has taken all their money. The old must sit and soak their feet, and swallow pills and powders, and mustard plasters wear, and eat denatured soups and chowders. I hate to hear a young man brag about the way he suffers; he has no right to chew the rag among us ancient duffers!

DATES IN ILLINOIS HISTORY.

January 30, 1779—George Rogers Clark made his plans to attack the garrison at Vincennes, in order to retake that post and prevent the British from invading the Illinois country.

The first payment recently came to hand. An express package with 45c charges due was delivered at her door and proved to be an oily bucket containing 3500 pennies. According to the story Mrs. Arbuckle was busy for three or four days rubbing the oil from the pennies so that they could be conditioned to bank. Now she is watching for the next alimony day and will not open any package if another one comes, for she has looked up the law and finds that pennies are not legal tender for more than 25c. Possibly Mr. Arbuckle will discover some other means of making things pleasant before the next pay day arrives.

The Health Ordinance.

It has already been indicated that the proposed public health ordinance will be considered by the council tomorrow. The ordinance while complete, has had some sections eliminated since it was first presented by the special committee of physicians and citizens appointed to prepare it and submit to the council. What was termed a model ordinance was outlined by the state board of health. It necessarily contained much which was not deemed suitable for a city of this size. The ordinance which is now contemplated will not greatly increase the expense of the health department but will give more authority to the health warden and the police department in insisting upon sanitary rules and regulations. Broad powers will be given to these officers which may be exercised when the occasion arises for steps to combat disease or for the securing of pure food and sanitation observance.

One matter of public health about which the city has long been lax is the rules governing the milk supply. Under the proposed ordinance the health officers will have the power to inspect dairies and to insist upon observance that will insure a pure milk supply. The council is inclined to the belief that the adoption of the ordinance will tend to ward better health conditions here, will place upon the statute books a measure which can be utilized for emergency times, and in fact, that it is a step forward. They believe also that the ordinance is not radical and that it can become effective without increasing the expenses of the city to any marked degree.

Waterway Suit Filed.

The suit filed yesterday by Representative Hubbard which will test the legality of the proposed \$5,000,000 waterway bond issue was not unexpected, as there have been rumors for some time that opponents of the proposed plan of waterway improvement would test the matter in the courts. The suit will serve to hold up the whole proceeding until a decision has been rendered.

On the face of the measure providing for this expenditure it appears that it means a start toward a waterway system of transportation which may materially benefit the state by its effect in lowering rail freights. There has been, however, a great deal of criticism of the plan proposed from an engineering standpoint and the ordinary citizen is really not in position to judge on the merits of the two improvement systems proposed. One of the main points to be urged in the present proceeding is that the measure is illegal because the people were not given the opportunity to vote upon the issuance of bonds. If this is found to be true, waterway legislation will likely be delayed, for an extended campaign would be necessary to get the people to vote millions for expenditure along this line.

In the past controversies between political leaders as to the way proposed waterway millions were to be handled has caused the difference which blocked all progress. This condition brought the inevitable result that many Chicago and down state citizens have looked upon waterway transportation improvement as "pork barrel" measures.

Farm Advisor Will Mean More Profitable Farming.

The proposition for Morgan county farmers and landowners to secure a farm advisor is one worthy of very careful consideration. A number of the best farming counties in this state have advisors and are finding that the investment more than pays. There are 368,000 acres of farm land in Morgan county and when the movement was talked of last summer it was the expressed hope that the owners of at least 120,000 acres would be willing to join in the movement and agree to an acreage tax to meet the necessary expense. With this 120,000 acres as a basis, a payment of 5c an acre would raise a fund even more than sufficient to meet the expenditures. The amount would depend somewhat upon the willingness of the county board to contribute to the fund. Under the law a county board can use not to exceed \$5,000 of the county funds for crop improvement work. In some counties \$1,000 has been given by the county and in other instances \$2,000.

Farming, together with stock raising, forms the basis of local wealth and prosperity and the farm advisor movement which has for its aim and purpose the bettering of farm business methods, seeks to accomplish the very things in which everybody in Morgan county is seriously interested. The meeting at the court house next Thursday when the whole question of securing a farm advisor is to be canvassed should be largely attended by farmers and landowners from all parts of the county. It would probably not be possible to secure an advisor in time to begin work this spring but the movement will require quite a large amount of preliminary work and now is the time to undertake it if a farm advisor is to be secured later this year or

CREAMERY CONVENTION

PROSPECTS ARE GOOD

The matter of selecting the next meeting place has been left to the directors and decision will not be made until fall, Jacksonville yet has as good chance of securing the 1917 convention of the state dairymen's association, according to L. T. Potter, manager of the Jacksonville creamery, who returned Saturday from attending sessions of the convention at Carbondale. Mr. Potter was active in Jacksonville's behalf and saw to it that each member of the executive board gave due attention to the claims of this city.

Some excellent entertainment features were afforded the delegates, reports Mr. Potter. A banquet and entertainment at the Elks' club rooms occupied one evening, and at another time students of the Southern Illinois Normal put on several dramatic features for entertainment of the convention.

THE PRECIPITATION.

Saturday was dreary and drizzling and the not much water fell the day was far from fair. Mr. Hall's government rain gauge showed a precipitation of .44 inch.

REVENUE TAX DUE.

C. E. Fitzgerald of Quincy, revenue inspector of this district, was in Jacksonville Saturday. He said matters were in good shape in the city, but wanted to warn all citizens that if the special war tax was not paid by Jan. 31 that the penalty was a sum equal to fifty per cent of the amount due.

WABASH SECTION GANG
HAS NARROW ESCAPE

Were Run Down by a Freight Train Near Arnold—Foreman William Cahill Receives Injury.

Foreman William Cahill and other section employees of the Wabash railroad had a narrow escape from death Saturday afternoon at 3:45. The men were overtaken, on account of a fog, by a freight train, a mile and a half this side of Arnold. The train was right upon them before seen and one of the workmen shouted for everybody to jump. Mr. Cahill slipped as he jumped and was assisted by one of the men. He landed on the ground in such a manner as to bruise his shoulder badly. After the train had stopped he was taken on board and removed to his home on North East street. His condition is not serious.

The train was Freight No. 95, west bound. The hand car men were returning to Jacksonville, and going at a good rate of speed. The dense fog prevented the engineer from seeing the men. The car was completely demolished. The men accounted their escape as miraculous as the train hit the car almost at the same instant they jumped from it.

FUNERALS
Hofmann.

Funeral services for Mrs. Rebecca Hofmann were held from the family residence on South Clay avenue Saturday afternoon at 3:30 o'clock in charge of the Rev. R. O. Post, pastor of Congregational church. Music was furnished by a trio composed of Asa Robinson, Marcus Robinson and T. H. Rapp. The flowers were cared for by Mrs. Frank Matthews, Mrs. Charles White, Mrs. John Wright and Miss Jennie Grassly. Interment was in Diamond Grove cemetery, the bearers being Len G. Magill, Frank Matthews, John Wright, Charles White, Asa Robinson and Marcus Robinson.

Kershaw.
The funeral of Mrs. Mary Kershaw was conducted from Centenary M. E. church Saturday afternoon at 3 o'clock in charge of Rev. E. J. Hotick. Music was furnished by Messrs. Nelle Self, Dorothy Smith, Marcus Robinson and T. H. Rapp. The flowers were cared for by Mrs. A. C. Metcalf and Miss Nellie Glenn. Burial was made in Diamond Grove cemetery and the bearers were Messrs. J. W. Taylor, Charles Glossip, A. C. Metcalf, Frank Kitcher, James Alkire and C. P. Ross.

Just received—25 dozen Dress Shirts. Values \$1.50 to \$2.50. This week 95c. **LUKEMAN BROS.**

EXPECT CLASS OF FIFTEEN.
Urania lodge No. 243, I. O. O. F., is planning a social time in connection with the work Monday night when a class of fifteen is expected to take the initiatory degree.

THE BIRTH RECORD

Born, to Mr. and Mrs. C. J. Palmatier of Osakis, Minn., a daughter. Mrs. Palmatier was formerly Miss Emma Wharton of Jackson'sville.

ILLINOI LITERARY SOCIETY.
In mentioning the entertainment of the Illinois Literary society in yesterday's paper it should have been stated that the Victrola and records used were furnished by J. P. Brown, and that Miss Anna Stevenson is literary coach of the society.

AT CENTENARY CHURCH.
The pulpit at Centenary Methodist church will be filled this forenoon by the Rev. E. B. Houck, in the absence of Mr. Flagg, the pastor. This evening at 7:30 o'clock, Rev. Mr. Davis will preach. Sunday school will be opened at 9:30 o'clock, with the morning service at 10:45.

Fine farm of over 200 acres, well improved and fenced; well watered; lot corner year after year; 60 acres in grass. Will sell for an under the hammer price, as owner must go to other climate. Will sell part or all. Address 200 Care Jacksonville Journal.

LINCOLN ASKED HIM TO TAKE A RIDE

"UNCLE CHARLEY" SANDERS
GIVEN A LIFT BY GREAT MAN.

Substantial Farmer of Concord Community Will Celebrate His 90th Birthday February 14—Is Veteran of Civil War—Came to Illinois in Early Day from Virginia.

On Sept. 27, 1848, a young man who was walking from Loudon county, Virginia, to Springfield, Ill., was overtaken near Rochester, Sangamon county, by a gentleman who was driving a horse and buggy. The owner of the rig said, "Young man, are you going to Springfield? If so, jump in and take a ride, as I am going there." It was "Uncle Charley" Sanders, who resides north of Concord that was picked up that day and given a lift on his journey. The two had traveled but a short distance when Mr. Sanders became inquisitive to learn the man's name who had displayed such a kind spirit toward a stranger. When asked his name, the man replied, "Abraham Lincoln." The two journeyed on toward Springfield and after arriving there Mr. Lincoln directed Mr. Sanders to the residence of Jesse Pickarel. To this man's home Mr. Sanders went, where he hired to him for \$10 per month. Little did Mr. Sanders think at that time that the man who gave him a ride would some day acquire such fame. Mr. Lincoln had been over to Rochester, where he had been trying a law suit. Mr. Sanders was born Feb. 14, 1826, in Virginia and in a few days will have attained the age of 90 years. He is a remarkable man in a great many ways and is one of the men who lived across the Blue Ridge mountains that had a vision of the western country and of its possibilities and it was this vision which led him across the mountains and finally into the broad prairies of Illinois.

Worked for \$1.00 Per Week.
Before coming west he worked for a man by the name of Philip Derry and received the small pittance of \$1 a week. He saved up \$48 with which to make his western trip, walking most of the way and when he landed in Springfield he had only 25c in his pocket. The way he took out here was the national road which led him thru Indiana.
In 1835 Mr. Derry gave Mr. Sanders a Mexican dollar of the date of 1835 and said to him, "Young man, carry this and you will always have money." Mr. Sanders has carried that dollar ever since and he jokingly says that the man who gave it to him was certainly right, for he knew that as long as he had that dollar in his pocket he certainly wouldn't be without some money. "I wouldn't take \$1,000 for that coin," said the owner as he passed it around the crowd to be viewed.

Owens 707 Acres of Land.
Mr. Sanders came to Morgan county March 1, 1852, and rented the George Rentschler farm of 300 acres three-quarters of a mile west of Concord. He took a contract for five years. Mr. Sanders now lives three-quarters of a mile north of Concord, where he owns 707 acres. About 312 acres of this land Mr. Sanders bought for \$35 per acre and his entire farm would now sell for \$200 an acre and better.

Parents of Ten Children.
He was married to Miss Hannah Eagle May 21, 1856, Rev. John M. Lane, a Methodist preacher, performing the ceremony. There were ten children in the family and those living are Elizabeth, wife of Charles Yeck; Martha Ellen, wife of Eliza Harmon; Mrs. Mecca Yeck, James Sanders, Minnie, wife of Charles Myers, and Ernest Sanders, all of whom reside in the neighborhood of Concord. Ernest lives in the town and James, who is single, resides at home with his father. The children dead are Edward Lincoln, Grace, William, T. Sherman Sanders and Lulu Sanders.

Father Had Bad Luck.
Mr. Sanders' father, Ed Sanders, had bad luck in Virginia. He and a man by the name of Musgrove went on the bond of the sheriff of their home county. The sheriff ran thru with the funds. Mr. Musgrove was unable to meet part of the bond and it cost Mr. Sanders' father \$4,000 to straighten up affairs. It left him without any funds or property. It preyed on his mind and health to such a degree that he died six months afterwards. After his son had come to Illinois he persuaded his mother and three sisters and one brother to come out here. Mrs. Barbara Burns, his grandmother, would not come out. She was 80 years of age and felt that the trip would be an arduous one. In 1853 Mr. Sanders went back after her and it took him an entire summer before he could persuade her to make the trip. One of his brothers, Edward Sanders, came out in 1850 and died near Rochester, Ill.

Bank Long in Family.
In those days there were no banks to speak of and money was put in chests. The Sanders family is very proud of one of these chests, which has been in their possession since the year 1600. It is a box about eight inches square and was made in England and brought over by Mr. Sanders' great grandfather. It is now in possession of Mrs. Eliza Harmon.

Veteran of Civil War.
Mr. Sanders heard the call of his country when the Civil war broke out and he enlisted in the 191st Illinois regiment, his captain being Mr. Brown. The company when it was first formed camped at Jacksonville, then went to Cairo, afterwards down the Mississippi river, where they joined some forces of Grant. Mr. Sanders was one of the valiant soldiers of the Civil war and can relate many interesting events of those stirring days. He was in the battle of Perryville, Ky., at the siege of Vicksburg, and at Peach Tree Creek, where he was one of only six men of

his company who survived the battle. The Union forces had only 6,000 men with the Rebels 45,000 strong. Mr. Sanders made a protection for himself behind his knapsack, in which he carried a suit. There were fifty-three holes in this suit, showing how accurate was the aim of the Rebels, and how narrow an escape Mr. Sanders had.

With Sherman on March to Sea.
While Mr. Sanders fought all over the southern states he was never injured nor incapacitated. Only once did a ball strike him on the forehead, just grazing the skin, and other bullets had torn his clothing. He closed his army career by being with Sherman in his famous march to the sea.

Has Remarkable Memory.
Mr. Sanders altho rounding out the century mark retains his mental faculties to a remarkable degree. He has a wonderful memory and can recall dates and incidents of history without hesitation. He is a wide reader and is particularly interested in the war at the present time. He speaks in wonderment of the many changes which have come to this country during his ninety years. They are so wonderful that he can scarcely believe them himself. He recalls interesting facts when many of the modern inventions were first made. He said that one of the hard things for people to understand was telegraphy. When it was first reported that news could be sent over a wire people gave no credit to it, and he well remembers that one time a man who sold stock in the east and telegraphed back the price, the people here laughed at him, but were surprised when the man returned home to find that it was just what he said.

Interested in Aviation.
Mr. Sanders is very much interested in aviation and he says that he would like to live fifty years more that he might see this mode of travel perfected. He believes that the day is coming when it will be a common thing for passenger traffic and freight traffic, mail service and the like performed thru aerial routes, and he believes that with the coming of these days there will also come other inventions of as much importance.

Contributed to Church Fund.
Mr. Sanders was one of the interesting figures at the recent dedication of the Concord Methodist church. He contributed liberally toward its erection and is interested in its cause, as are his children. Mr. Sanders is very anxious that the liquor traffic be done away with and he says that in all his voting he can't help but have a preference for the candidate who is against the traffic.

CORNELIUS McGINNIS DIES AT HOSPITAL

Passes Away After a Brief Illness
This (Sunday) Morning at 1:50 O'clock—Was Son of Late James McGinnis.

Cornelius McGinnis, son of the late James McGinnis, died this morning at 1:50 o'clock at Our Savior's hospital, after a brief illness. He was born and reared in Morgan county, but some time ago had moved to Chambersburg, Pike county. He was 50 years of age and a man who had a great many friends.
He is survived by the following brothers and sisters, Michael, James and John of Jacksonville; Thomas of Meredosia; Edward of Pisgah; Mrs. John M. Breen of Jacksonville and Mrs. Kate Hiddigan of Kansas.
Funeral arrangements will be announced later.

MORTUARY

William Hembrough and Thomas Hembrough have gone to Bronson, Kan., to attend the funeral of their sister, Mrs. Lee Smith, whose death occurred Friday forenoon at 11 o'clock. Mrs. Smith had been ill for several weeks. Deceased was born and reared in this county. She was the daughter of the late Thomas Hembrough and was 48 years of age at the time of death.

Surviving Mrs. Smith are Mr. Smith and a married daughter, Ada, two sons, Howard and George, and a daughter, Helen Smith, of Bronson. Five brothers survive, William, John and Thomas Hembrough of Asbury; Charles Hembrough of Lancaster, Kan.; and Fred Hembrough of Jacksonville. Mrs. Smith leaves one sister, Mrs. Edward J. Reynolds of Asbury.

Deceased was long a member of Asbury Methodist church and was universally esteemed for her strength and beauty of character. Tidings of her death will occasion much sorrow as Mrs. Smith had in this community many faithful friends.

WILL GIVE VOICE RECITAL.
Mrs. Florence Pierson Hartmann will give her voice recital Monday evening, Jan. 31st, at Music Hall, Illinois Woman's College.

DIED IN WHITE HALL.
Mrs. J. C. Rafferty died at her home in White Hall Friday morning at the age of 70 years. Funeral services will be held today.

BATTLESHIP RETURNS TO YARD.
Camden, Jan. 29—The battleship Oklahoma built for the government by the New York ship building company, returned to the yard of the company after a successful trial off the New York coast. It will be three or four months before the warship is turned over to the government.

ANNOUNCE COLGATE FOOTBALL SCHEDULE.
Hamilton, N. Y., Jan. 29—Colgate's 1916 football schedule announced tonight includes games with Maine, Illinois, Yale, Rochester, Syracuse and Brown.

Dust With Liquid Veneer Cleans and Polishes in One Operation

We just want you to try Liquid Veneer on your dusting cloth and see the remarkable work it will do. You can dust, clean and polish all at once—at one sweep of your dusting cloth.

Go over your Piano, Furniture, Woodwork, Picture Frames, White Enamel Surfaces, Hardwood Floors, Brass Bedsteads, handrails, or any surface you want renewed, polished, cleaned or dusted. It carries away all dust, smokiness, dirt and finger marks, and obliterates scratches, leaving the surface clean, pure and sanitary and with a beautiful, high, glossy finish. We handle both 25c and 5c sizes.

We are anxious to have you see our line of goods, especially our Aluminum-ware, also our Stoves and Ranges. We will make every effort to please you and hope to receive an early call and to be favored with your orders.

Yours truly,

Graham Hardware Co.

LAST DAY FOR FILING CASES FOR FEBRUARY TERM OF COURT

Friday was the last day for filing cases for the February term of the circuit court. Owing probably to the fact that people are not yet used to the midwinter term the docket setting as to new cases is light. Forty-one cases were filed for hearing. Five are peoples cases, fifteen law and twenty-one chancery. These are a great many continuances from the November term. It is probable that many cases will be continued to the May term of court.

Norman L. Jones will be the presiding judge and word comes that his health is much improved. Judge Jones has a reputation for keeping things moving when he is on the bench and it is probable that the February term will not last more than two weeks. There will be no jury trials at the February term unless the court decides that it is necessary in which case a special venire will be drawn. Court will convene Feb. 7th and the attorneys expect to meet with the circuit clerk Feb. 2 to set the docket for the opening week.

BIDS ARE ASKED.

Proposals are hereby asked for 3,024 feet of six-inch class B cast iron water pipe, together with fittings, to be delivered as directed by the city. Bids will be received until 10 a. m. Monday, February 14, and must be accompanied by a certified check for one-tenth of the purchase price.

R. L. Pyatt, city clerk.

JOHN J. MALLEN CALLED BY DEATH

ANSWERS FINAL SUMMONS SATURDAY MORNING.

For Many Years Was Engaged in Paper Hanging and Decorating Business and at One Time Partner of W. L. Alexander—Funeral Monday Morning.

John J. Mallen for many years one of the leading business men of the city, died at his home, 230 Prospect street, Saturday morning at 9:30 o'clock. Death resulted from a complication of diseases. Mr. Mallen's illness being of nearly two years' duration. Last summer he rallied and was able to be down town and at his place of business. His friends hoped that he might recover but the betterment was only temporary and last November he again took a turn for the worse and during the last two months he had been confined to his bed.

John J. Mallen was born in this city Jan. 1, 1855 and was just past 62 years of age at the time of death. He was the eldest son of John and Ellen McGrogan Mallen. Both of his parents were natives of Ireland. For many years his father was engaged in the transfer business in this city. The father preceded him in death a number of years ago but the mother still survives and resides on South Clay avenue.

Members of Family.

Mr. Mallen was united in marriage in this city about forty years ago to Miss Ellen McNeff. The widow and three children survive. They are: Joseph H. Mallen, Mrs. John Clancy and John William Mallen all residing in this city. He is also survived by the following sisters: Mrs. W. S. Cannon, Mrs. Alfred Coverly of Jacksonville; Mrs. Joseph Rustemeyer of Bloomington; Mrs. Michael Crowley of Curran, and Mrs. Joseph Delaney of Chicago. Four grandchildren also survive. Mr. Mallen was a member of the Church of Our Savior and of Delaware Tribe No. 78 Improved Order of Red Men.

Long Time in Business.

Deceased was for many years identified with the business life of the city. He learned the trade of paper hanging and decorating with Henry McDonnell more than forty years ago. He was associated with Mr. McDonnell at the time that the decoration, "Pacrusta," was invented. In fact Mr. Mallen was the inventor of the decoration and probably the first was placed by Mr. Mallen in the lobby of the Dunlap hotel. Just a few weeks ago Mr. Mallen's sons replaced some of the pacrusta on the side walls that was torn away in the placing of the large window in the front wall of the building. Mr. Mallen went to New York City with Mr. McDonnell and it was he who decorated the famous Hoffman house with pacrusta and created a great demand for the new decoration in the east.

Son Becomes Partner.

Mr. Mallen was with Mr. McDonnell until he in company with W. L. Alexander purchased Mr. McDonnell's business. They were associated for several years when Mr. Mallen retired from the firm and started in business for himself in the old Morrison building that stood on the site of the present Morrison block. When the work of building the present Morrison block was begun Mr. Mallen moved to a room in the Duncan building on North West street where he remained until he purchased the building which the firm now occupies. A few years ago he associated his son, Joseph H. Mallen, in the business under the firm name of J. J. Mallen & Son.

Mr. Mallen was long known as one of the most expert decorators in this part of the country. He had a very artistic sense and his judgment of colors and blending were marvelous. Some of the finest work in this section is the handiwork of Mr. Mallen. He was widely known as a framer of pictures and dealer in the best in the picture line.

Was Musician of Ability.

Those of the older citizens also remember John Mallen in the musical and dramatic life of the city. Mr. Mallen was possessed of a wonderful tenor voice and always was called upon to take part in local musical events. In the eighties when the Klondike Glee Club was organized it was one of the leading musical organizations of the city. The club was fostered by Prof. A. T. Van Lear, John W. Springer and the late Robert M. Hockenbuhl. Mr. Mallen sang one of the leading tenor roles in the club which gave concerts in Quincy, Springfield and other cities in this vicinity. He at one time sang the leading tenor role in a home talent performance of the Bohemian Girl and took the leading parts in "Misfals" and "McKennas' Flirtations" as well as many home talent minstrel performances.

John Mallen was essentially a home man. He loved his family and no sacrifice was too great to make for them. He was true to his friends and true to his home city. His death is a distinct loss to the community and the sympathy of many friends will go out to the wife and children in their bereavement.

Funeral Services Monday.

Funeral services will be held from the Church of Our Savior Monday morning at 8:30 o'clock with interment in Calvary cemetery. Friends will please omit flowers.

PROBATE COURT.

Estate of Robert C. Shaffer. Inventory and appraisement bill approved.

Estate of Robert C. Shaffer. Petition for private sale of personal property heard and allowed.

E. B. Watson of Alton spent Saturday in the city looking after business matters.

SCHOOLS ARRAIGNED IN PORTLAND SURVEY

INVESTIGATORS IN WESTERN CITY MAKE REPORT

Differs from Springfield, Ill., Survey by Repudiating Mechanical Methods Based on "Fixed Courses of Study"—Says Boards Often to Blame.

Pointed criticism of the American public school is found in a survey of educational conditions recently completed in Portland, Ore., and the findings as reviewed by a writer in the New Republic afford food for thought on the part of all citizens of cities which make some pretensions in an educational way, especially since surveys of more kinds than one have lately come forward as a means of ready community analysis. Scoring the Portland schools for their strictness and formalism, the writer compares the educational system of Portland to "the ritual of some primitive tribe" rather than "the deliberate educational activity of an enlightened American community." Says the New Republic in part:

"If we are to have better schools in our cities we must know that kind of schools we have now. It is an attempt to tell us, the school survey has in the last few years been developed with an admirable technique, and the passion for being surveyed has spread in cities large and small.

Surpasses Springfield Work.

No more illuminating document has come out of this effort than the recently published study of the school system of Portland, Ore. It stirs enthusiasm because it shows the progress that has been made in clarifying the current problems and the ideals which must be realized if the public school is to prepare the child of today for intelligent participation in the society of which he will form a part. Compared with the investigations in New York City and Springfield, Ill., this Portland survey, under the direction of Professor Cusberley of Stanford university, represents a new achievement in educational thinking. Those surveys contented themselves with a criticism of details, or at best, with a vague groping for a constructive plan. The Portland survey represents a definite break with the tradition. It is characterized by a clear idea, not only of how the system fails to meet the modern demands, but how these demands can be met.

"In Portland, a city of 250,000 people, commercial and residential center for the great Northwest, the investigators found the maintenance unchanged of a rigidly prescribed mechanical system poorly adapted to the needs either of children or community. 'Any change in this elaborate mechanism,' they say, 'meets with resistance, positive as well as negative. So far as this system is adapted at any point to the actual needs of the children and youth that come under it, so far as it is adapted to the needs of communities for adequately trained recruits to serve the community, the adaptation is accidental, not the result of intelligence now operative at that point.'

A Generation Behind.

"This is criticism of an American institution, and Portland might be any large American city which has not had an educational awakening. The survey is significant because it shows the machinery and motives of public school education in this country for the last generation not only in Portland but in a city like New York, whose militaristic, mechanical system is now being thrown into convulsions by the sudden challenge of the new type of school embodied in the Gary plan. Indeed this Portland survey is a much better survey of New York school conditions than the elaborate Hannan inquiry which was made a few years ago.

"The viciousness which the investigators find in the Portland system are those which are familiar to all who feel the defects of their own schooling, or have set about to examine the reasons for the poor quality of school output. On the administrative side there are all the evils which come from retaining a scheme of amateur control in a system which of necessity has become professionalized. A board which is directing a village school must keep all school matters under its supervision. But when the village has become a vast city a school board which keeps the strings in its own hands is simply manufacturing wastefulness and inefficiency. A lay board which employs highly paid and highly trained principals, supervisors, etc., and insists on directing all business—from the engaging of janitors and personal selection of teachers to the suspension of by-laws whereby a school room may be leased for an evening lecture or a teacher excused to attend the funeral of her grand mother—labels itself as archaic and unfit. It is one of the cardinal principles of modern political and industrial organization that it is a waste of money to pay salaries large enough to buy judgment, discretion and expert skill and then not permit them to be used.

"School Boards Out of Place. This refusal to delegate responsibility, the investigators found, paralyzed initiative all over the school system. Nothing could be done without reference to an untrained body of laymen, who, however conscientious they might be, must usually decide spasmodically and without educational policy. Indeed this conscientiousness is often a positive vice. Shiftlessness on their part would have permitted initiative on the part of principals and teachers. Under present conditions the distinction between good teachers and had

teachers out and had fades out. The concern of every one becomes to keep the machinery going not to criticize the work and keep it adapted to the individual aptitudes of the children.

"This administrative lifelessness has its counterpart in a pedagogical routine the focus of which is the 'course of study.' The curriculum is uniform for all children. It is vivisectioned into fifty-four dead pieces laid down in pages of certain adopted text books. The teachers' duty is to haul the pupil thru the course of study. This is done by means of the formal recitation, where pupils answer hollow word-questions with memorized hollow word statements. Term examinations discover how many of these word-statements are left in pupils' minds. An elaborate system of inspection and supervision exists to check up and grade both teachers and principals and insure that the hallowed 'course of study' is fully being carried out. Many of the teachers are trained in the local schools and turned back into the system to perpetuate these methods. A state tenure-of-office act keeps all children in their places.

Blighting the Mind.

"The effect upon the children is logical. The school becomes an automatic process of elimination. Those who can be hauled thru the course of study are hauled. Those whose talents do not lie in the capacity to memorize printed pages pass out of the school or become hopelessly mired in the lower grades. And this system formulated and approved twenty years ago by high educational authorities, the survey stigmatizes as valuable only for 'its cheapness and facility of administration, and the relief that it affords officers and teachers from all responsibility of knowing and of meeting the individual needs of the pupils.'

"This type of public school, so bald and grotesque in the sober pages of the Portland survey that it seems more like the ritual of a primitive tribe than the deliberate educational activity of an enlightened American community, is yet the type that still prevails in the majority of our cities. This is the fact that we ask to be surveyed is a community dissatisfied with itself. Other communities are likely to stir uneasily and ask themselves why. If Los Angeles and Indianapolis and Gary can have modern and fruitful public school systems other cities should not. We may even hope that it is the last of the old system and the promise of the school of tomorrow."

Prince Coates residing ten miles southwest of the city drove in yesterday with his fine made team. He says the roads have been considerably dragged along the way he had to travel and they were not in a very bad condition.

Roy Brown has returned to Roodhouse after a visit with his parents in this city.

E. N. SURFACE IN THE CITY.

E. N. Surface of Mason City was in the city Saturday on business. Mr. Surface is one of the leading figures and one of the pioneers in the Farmers' Grain Dealers Association of Illinois. When the association held its convention in this city in February, 1913, Mr. Surface was one of the leading men in the convention. The association convention this year will be held in Bloomington February 9, 10 and 11. It was on business connected with the convention that brought Mr. Surface to Jacksonville Saturday. A. C. Rice of this city is president of the association and Thomas H. Cain of Arnold is also prominent in the affairs of the association. Mr. Cain and Mr. Rice are on the program at Bloomington being two of four speakers who will give a symposium of the nature.

WORD FROM T. V. HOPPER.

Mrs. D. W. Osborne is in receipt of a letter from Mrs. Thomas V. Hopper assuring her that all the family are well and enjoying their visit in Pasadena. Mr. and Mrs. Hopper last Sunday were in Los Angeles and heard a sermon by the Rev. R. F. Thrapp at First Christian church.

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross, Feverish, Sick, Bilious,
Give Fruit Laxative at Once.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleanser" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters! Ask here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—Adv.

LIVED IN ONE TOWN 43 YEARS

Charles Troop, of Bissell, Ill., Regains Health and Strength Through Tanlac.

PRaises MEDICINE

Another testimonial which speaks the merits of Tanlac, the "Master Medicine," now being introduced in Jacksonville, is the statement which was made last Monday by Charles Troop, a miner, who has resided in the town of Bissell, Ill., for the past forty years and who is well known in that community. Mr. Troop was highly pleased with the results which he had obtained from the use of Tanlac, and in regard to his improvement had the following to say:

"Before I began taking Tanlac, I was a pretty sick man. I have not felt well for a long time, and though I was able to go about my work, I felt weak and all tired out. My stomach was all out of order and I did not care for anything to eat. At night I was restless and could not sleep. When I would get up in the morning, I would feel just as tired as if I had not been to bed at all. I tried several remedies to see if I could not regain some of my lost strength but none of them seemed to do me any real good. I was speaking to a friend of mine about my condition recently and he asked me if I had tried Tanlac. He said that he had heard it was helping people who were in the same fix that I was, so I came to the drug store and bought a bottle.

"I was surprised at the change that took place in my condition. I want to tell you that Tanlac is alright, if it will help everyone as it has helped me. Since taking the medicine I feel a whole lot better in several ways. I sleep better at night and feel like another person when I get up in the morning. My appetite is improving every day and I am always glad when the dinner bell rings. The old tired and worn-out feelings which were with me so long have gone away and I seem to have new strength and energy with which to go about my work. Tanlac is a fine medicine, and I am sure it will help anyone who will give it a fair trial."

Tanlac, the "Master Medicine," is now being sold in Jacksonville at the well known drug store of Coover & Shreve—Adv.

TO RUN-DOWN WOMEN.

Detroit Woman Tells How to Regain Strength.

Detroit, Mich. "I was in such a run-down condition I had no ambition to do anything. I had a chronic cough and cold and nothing seemed to give me any relief, and I was gradually getting worse. Until a friend advised me to try Vinol, which I did. After the first day or two it seemed to put new life into me, the tired worn-out feeling began to disappear. I regained my appetite, and was able to get a good night's rest. The cough gradually went away, and I am now feeling like myself again, so that I can do all my housework and go about my duties as usual. Vinol is certainly a wonderful medicine." Mrs. W. E. Waters, Detroit, Mich.

Vinol restores health and strength in conditions like this, because in a natural manner it increases the appetite, tones up the digestive organs, enriches the blood and strengthens every organ in the body.

We guarantee that Vinol will do the same for any run-down person in Jacksonville or give back their money. Lee P. Albright, Druggist, Jacksonville, Ill.—Adv.

I CURE CHRONIC DISEASES

With My New Neuropathic System of Treatment

Consultation Free

I am having great success with my new Neuropathic system of treatment in the cure of Chronic Rheumatism, Uric Acid Conditions, Kidney and Bladder Troubles, Palpitation, Shortness of Breath, Stomach and Liver Troubles, Constipation, Blood and Nervous Troubles, Catarrh, Deafness, Eye Troubles, and every curable chronic disease or weakness.

This system of treatment has cured hundreds of cases after other treatments had failed. If you are suffering with some chronic trouble do not neglect this opportunity to get my expert opinion of your case. Do not delay and allow your trouble to become incurable. Come and let me explain this great system of treatment to you. Consultation and examinations are free. I will be at the Dunlap Hotel from 9 a. m. to Tuesday, Feb. 1, to 3 p. m., Wednesday, Feb. 2.

DR. GABLE

SPORTS HERE AND THERE

At the meeting of the park board Thursday evening no action was taken in the matter of leasing the baseball privileges at the park. The board does not intend to be in a hurry to make a contract for the privilege as it will not be possible to play any games before the middle of April. The board feels that inasmuch as the diamond and stands are already there, there is no need to make as much haste as would be necessary if a new park was to be built. The board will move in due time and fans in Jacksonville can rest assured of good baseball the coming year.

Paul Meloon who started to play ball professionally in Jacksonville was given his release the other day by the Oakland club of the Pacific coast league. Meloon came here from East St. Louis in 1903 for a trial with Harry Berte in the old Central association. When he came he was placed behind the bat in the practice games. Berte, however, saw his possibilities as a hitter and placed him in right field. Paul was an awkward youth, but managed to grab fly balls and his hitting more than made up for his weakness as a ground ball. He went from here to the St. Paul club of the American association and was sent by them to Rock Island. After a year at Rock Island he went to Springfield in the Three Eye league. Dick Kinsella sold him to the White Sox. For several weeks Meloon set the American league on fire. Then he was "beaten" by Jack Quinn of the New York Americans and was out of the game for several days. The beating seemed to get his goat for he fell off in his hitting and was sent down again, going back to the American association and finally to the Pacific Coast league. Meloon was a fine boy, a most likable fellow and for getting hit probably would be in the big show yet. Here's hoping that he will land a job with some good club as he is still young and should have a number of years of good baseball left in him.

The basketball situation if getting tense. Illinois after going thru several games without defeat were on the short end of the score at Charleston Thursday night when Eastern Illinois Normal won over the blue and white by a score of 25 to 23. At Millikin Friday night the Blue and White five played Millikin and lost by a score of 26 to 16.

Coach Harmon has never paid much attention in basketball to the regular games on the schedule. The basketball situation is different from football. In football every game counts. In basketball with the state tournament in view a team may lose games and if it is returned winner in the state tournament it is considered the champion. Coach Harmon has always pointed his men to this tournament and this probably is what he is doing this season. Illinois' team looks good, as most of the men are veterans and probably will play better under pressure than in the present schedule.

If loosening the purse strings will win a pennant the York's Americans should walk home with the bacon in the race of 1916. Since last summer the York's management has spent \$120,000 for players. Of this amount the highest price was paid for Lee Magee and the next highest athlete was Ben Tipple of Indianapolis, who cost \$9,000. Tipple is a pitcher. However, in the York's players do not always win pennants. Up to the recent purchases by the Yorks the White Sox held the record for prices paid for players. When Comisky purchased Eddie Collins and some others it looked like he might have the goods.

ILLINOIS COLLEGE NOTES.

The regular devotional service which will be held at Academy Hall at 6:30 Sunday evening, will be addressed by Miss Isabel Laughlin, secretary of the Student Work of the Presbyterian church.

Prof. Ames has been nominated president of the Jacksonville Drama League.

Dr. Rammekamp returned to the campus Monday after an extended absence in the East. He was warmly welcomed by the student body at the chapel hour. He spoke briefly concerning the nature of the trip and his words indicate a future growth and prosperity for the college.

Miss Mary Corbett, Student Secretary of the Central Field of the Y. W. C. A., addressed the local organization Friday afternoon.

Rev. Edward B. Landis, pastor of the First Presbyterian church of Joliet, Ill., was a campus visitor Monday.

Mr. Robert C. Lanphier, Secretary of the Sangamon Electric Co., of Springfield, and trustee of the college, gave to the students of chemistry, Tuesday afternoon, an instructive lecture on modern electrical and chemical methods. He showed how these methods were applied to Niagara Falls and how by means of these methods Germany, in the present conflict, has been able to maintain such independence.

Requests are often made regarding the amount of outside work that is done by the students. As a result, a sheet containing questions was prepared and each student gave the desired information. These statistics showed that one-half or more of the students do some outside work to help defray their expenses while in college.

The final examinations for the first semester will begin Monday, January 31st, and registration in all departments will take place on Friday and Saturday, Feb. 4th and 5th.

R. B. Goff of Alton spent Saturday in the city on business.

but somehow the machinery failed to work and the Sox were lucky to finish anywhere near the top.

Joseph Schroder, ground keeper for Connie Mack in Philadelphia for the past fourteen years, is dead. When Mack took his Athletics to Peoria last summer to play a game with the Three Eye league team he was much impressed with the work of Walter Woodman of this city who is groundkeeper in that city. Mr. Woodman was taken from this city by Rowland to Duquaque, W. Va., and went to Peoria he took Woodman there. Last summer he sent word to Woodman that he wanted him in Chicago. Mr. Woodman went to Chicago last fall after the close of the Three Eye league season. He found that there was but little more money in being groundkeeper in the big leagues than there was in Peoria. It might be that Connie Mack will grab Woodman for his Philadelphia grounds. If he doesn't Woodman will return to Peoria for he likes that city and the fans like him.

Maurice Flynn of Chicago will battle Marty Macneal at Peoria on Feb. 1. Flynn went down to La Salle a year ago last summer and fought Al Baldwin. Evidently Flynn thought that Baldwin, hailing from Jacksonville, was a "setup." Baldwin had fought Welch at Springfield the night before and was on a train all day going to La Salle. Despite this fact, he gave Flynn the surprise of his life. Eddie Santry of Chicago was the referee and the fact that Baldwin was given a draw shows that he must have given Flynn an awful argument for it is hard to win from a Chicago referee. Baldwin and Flynn fought at 125 pounds. Flynn, according to reports, is fighting in the lightweight class. Baldwin has tried time and again to get another match with Flynn. He even sent a challenge to a Chicago paper but got no response. If Flynn is looking for a fight he can get one with Baldwin by just even intimating that he wants a fight.

Roger Bresnahan who has an iron clad contract with the Cubs and runs for a couple of years is showing some inefficiency in the matter of being ousted as manager of one team in favor of Joe Egan. However, Wegman has patched him to some extent and it is probable that the matter will finally be settled by putting Roger in charge of a club in Toledo in the American association.

While all the other teams are buying players not much is heard from dugout Jennings of the Detroit Tigers. Jennings has been in the running in the American league each year, tho it has been several seasons since he won a championship. Jennings' outside of his pitchers will probably stand out on his team of last year. He has in his outfield the greatest slugging trio in baseball, the perfect Cubs, Wahoo Sam Crawford and Bob Veatch. If Jennings can get some pitchers to add to his outfield can pretty nearly slug the team to a pennant for they are always dangerous.

A gun makes a big difference in men. Few men would undertake to engage Jake Stahl the former baseball player and manager of the Boston Red Sox in a physical encounter. Yet when those bandits confronted Jake in his bank on Thursday and commanded him to throw up his hands, Jake's hands went up as tho he were a sixteen year old boy. It goes to show, however, that Jake has lots of sense and is used to quick thinking gained from many battles on the ball field.

LYNNVILLE.

The funeral of Mrs. Walter Feareyough was held at the Methodist church last Friday, Jan. 21, at 11 a. m., Rev. F. A. McCarty, assisted by the local pastor, Rev. Haas, having charge of the services. Brother McCarty spoke comforting words to the family and relatives of the deceased. Mrs. Feareyough possessed many good qualities and was highly esteemed in the community of which she was a part. This was truly demonstrated by the large number of friends attending the service at the church as well as the large number driving over the muddy roads to the cemetery.

Mrs. Will Lazenby is all with lagrippe at this writing. Mrs. Lazenby received a call over the phone that her father, Mr. Hagen of Alexander is sick with lagrippe of the face. The friends of Mr. Hagen hope that he may have a speedy recovery. Mrs. C. H. Gibbs is still confined to her bed with lagrippe.

Mr. John Heaton and Otto Coltas delivered hogs to B. F. Green of Riggsdon last Wednesday. They found the roads impossible to haul over, therefore unloaded and drove their hogs in.

A number of enterprising citizens were out dragging the roads last Friday.

Lorenzo M. Shirliff, Fred Megginson and Leonard Megginson were in Kansas City buying cattle the fore part of this week.

Mrs. Fred Shirliff of Charoket, Iowa, died last week with pneumonia. Mrs. Shirliff was not known much in this community but Mr. Fred Shirliff will be remembered by a number who extend their sympathy at this time.

Walter Feareyough shipped a car of hogs to St. Louis this week. Wiley Todd is still reported on the sick list.

Miss Zella Duckwell is reported improving.

MAVERICKS

In winter days so bleak and drear There's little the soul of man to cheer Except the thought that perhaps the price Next summer will be reduced on ice.

Bar Nelson the prize fighter has applied for a divorce from his wife, Fay King Nelson. Mrs. Nelson was Miss Fay King, a cartoonist on a Denver newspaper, judging from the pictures of Bar she must have married him to get inspiration for her comic cartoons.

Osteopaths in Peoria the other day discussed grip. Most people "cuss" grip, instead of discussing it.

Between the grippie and holdup men Peoria is enjoying a pleasant winter season.

A company playing "The Trail of the Lonesome Pine," stranded in bluffs last week. Judging from reports the players were as lonesome in the theater the night of the performance as the traditional pine tree.

Speaking of roads, "There ain't no such things," in this part of Illinois at the present time.

Will Do Some Visiting. All Peon has placed a phone in his home. He can now call his friends.

Straws. Spring can't be very far away; Spring millinery is on display. W. Kee Maxwell, Peoria Journal.

Spring can't be very far away; We saw strawberries 'Tother day.

If congress keeps on hearing reports of committees on preparedness some definite action may be decided upon by 1925, the time it was expected to have the new navy in service.

The experts have so many different kinds of insanity cataloged at the present time that we are wondering what brand we are afflicted with.

Grip Aids Wolves.

While our hunters have been having a siege of the grippie, two wolves have made their appearance near our town. They were seen in P. H. Kistner's pasture last week.—Barry Record.

There is always something to take the joy out of life. Just as we were reading about the big ice crop that was being harvested the weather turned warm and the floods came and now we are told that the crop will be short.

The war has been in progress for more than a year now and neither side has been able to gain a decisive advantage. About the only people who have suffered in this war are Belgium, Serbia and Montenegro, countries that did not have anything to do with the starting of the trouble.

No fame has won in peace or war. No gold faced type told what he did. To daily tell he went each day. But Gee! he raised ten husky kids.

The dispatches tell us that Mexico wants the United States soldier punished for firing on a Mexican. We rather think the soldier should be rewarded with a medal.

Some people are trying to get Mr. Bryan to follow President Wilson in his speaking tour on preparedness. These same people should realize that sometimes patience ceases to be a virtue.

He Probably Sniffs Too. When a woman soaked with cheap perfume climbs on a street car she invariably turns up her nose and sniffs at the noses, workman who is carrying home a dime's worth of hamburger cheese.—Warren Lutter, Franklin Times.

Making haste slowly seems to be a specialty of the present session of congress.

There has been some discussion of late as to whether Sherman is really the man who made that famous remark about war. There is no need to argue about whether he or some one else is the author. The fact remains that it is one of the most truthful things ever uttered.

Epidemic of la grippie is said to have caused a shortage of lemons. The human variety, however, is still plentiful.

A Prayer.

Lord, keep me young! Nay, not that I languish the snow-faked temples, nor the halting step of slow, uncertain feet. And trembling hands for work no longer meet. Nor yet the yellow withering of the flesh— But oh, may immortality refresh With youth perennial, while swift years roll. The flower of life within my inmost soul!

The season's long processional must bring Gray winter, surely as the vernal spring. And even from its inchoate cry This earthly man each year, each hour must die!

For in the cold earth's bosom spring still sleeps. Pho Boreas' wild wrath creation sweeps. So, when the years their weight on me have hung, Still give me youth—Lord, keep my spirit young!

W. Kee Maxwell, Peoria Journal.

NOTICE

Farmers and Stock Raisers— Now is the Time!

WHAT FOR?

To Feed Your Hogs and Pigs "Sure Fatten" Hog Food Tankage.

It develops bone and muscle and will increase the weight of your hogs and pigs from 1 1-2 pounds to 2 pounds per day. It contains 60 per cent. protein. No cheaper food on the market. It is the most economical source of digestible protein known. It contains twice as much protein as all meal and five times as much as middlings, shorts, shipstuffs or alfalfa meal. Ask your neighbors or feeders of tankage what it is doing for them.

Price \$40 per ton, or \$2.00 per 100 lb.

bag. Manufactured by the Jacksonville Reduction Co., Jacksonville, Ill.

For further information call or write.

Illinois Phone 355—Bell Phone 215

To accommodate the trade it is sold through the office of Jacob Cohen & Son, 201 Lafayette Avenue.

Maxwell

An Automobile in the Spring

YOU have thought of it
You have realized the advantages of motoring—and spring is the ideal time to purchase.

Then do this:

Make regular deposits with me—NOW—towards your first payment on a Maxwell;

Take your Maxwell when spring comes;

Pay the balance as you use the car—on my "pay-as-you-ride" plan.

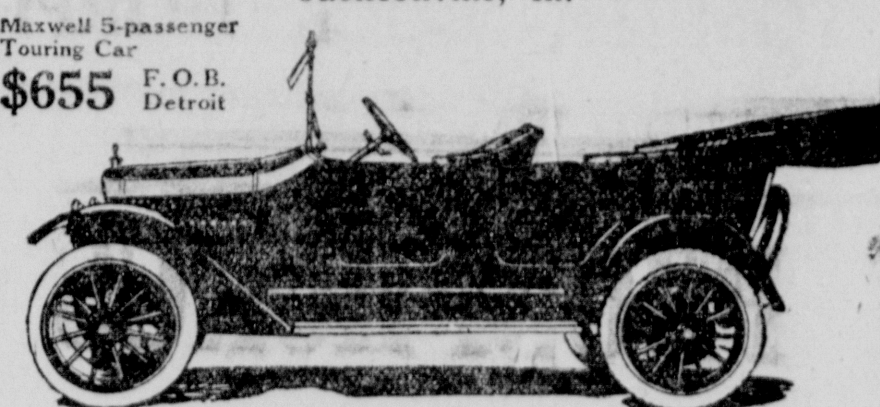

This suggestion is practical—helpful. It affords an unusual opportunity to meet your first payment during the winter months, and it gives you full use of the car from the moment you take it until you complete your purchase.

You will be interested in full details of my "pay-as-you-ride" plan.

THE JOY OF MOTHERHOOD

Words of Encouragement to Childless Women.

Motherhood is woman's natural destiny, but many women are denied the happiness of children simply because of some curable derangement.

Among the many triumphs of Lydia E. Pinkham's Vegetable Compound is its marvelous power to overcome such derangements, as evidenced by the following letter:

Worcester, Mass.—"I suffered from female ills, and was advised to have an operation, but a friend who had taken Lydia E. Pinkham's Vegetable Compound and who has six children, told me to try it. It has helped me so much that I am now well and have a baby boy who is the picture of health, and I thank the Vegetable Compound for my restoration to health."
—Mrs. BERT GARVEY, 20 Hacker St., Worcester, Mass.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential.

Maternity! The Word of Words

And What a World of Help There is By a Little Timely Knowledge

It is written into life's expectations that motherhood is the one sublime accomplishment. And if there is anything, no matter how simple, how apparently trivial it may seem, if it can aid, help, assist or in any way comfort the expectant mother, it is a blessing. And such is a timely called "Mother's Friend."

You apply it over the stomach muscles. It is gently rubbed on the surface, and makes the muscles pliant. This relieves the strain on ligaments, natural expansion takes place without undue effect upon the nerves. And as the time approaches, the mind has gone through a period of repose, of gentle expectancy, and this has an unquestioned influence upon the future child. That this is true is evidenced by the fact that three generations of mothers have used and recommended "Mother's Friend." Ask your nearest druggist for a bottle of this splendid remedy. He will get it for you. And then write to Dr. J. C. F. F. Co., 227 Lamar Bldg., Atlanta, Ga., for a most interesting book of information to prospective mothers. It is mailed free. Write today. It is a book you will enjoy. It is replete with important and timely topics such as a description of the nerves, muscles and parts involved, the strange mystery of a new baby, the law of contagion, first publication, prophetic usefulness, a maternity chart, diet list and many other subjects briefly told but of value to all women and particularly so to one who is to become a mother. It is mailed free to all who write for it.

WHY not give your lad the same training?

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition when I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things which would have been lost to me if I had been content to accept of the definition. Afterward, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the 'Unabridged' of those days. Now the most modern Unabridged—The NEW INTERNATIONAL—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionaries in several volumes will find it a great convenience to have this, which is so compact, so full, and so trustworthy as to have, in most cases, time to be spared."—Robert S. Cook, Th.D., LL.D., Professor of English Literature and Literature, Yale Univ., April 25, 1915.

WRITE for Bookman Price, Illustrations, etc. of THE NEW INTERNATIONAL DICTIONARY. C. & C. MERIAM COMPANY, For Over 60 Years Publishers of The Genuine Webster's Dictionary, SPRINGFIELD, MASS., U.S.A.

Some Topics of the Farm

FARMER'S CLUB WILL DISCUSS PLAN OF SECURING ADVISOR

Important Matter to Be Presented at Meeting Thursday, Feb. 3, at the Court House.

The question of securing a farm advisor for Morgan county will come up for consideration in a definite way at a meeting of members of the Farmers' club and other interests to be held at the court house next Thursday afternoon at 1:30 o'clock. All farmers and landowners who are interested in the project are requested to attend. At this time the various plans for securing and maintaining a crop improvement organization directed by a farm advisor will be discussed. The decision to bring the question up for discussion at this time was reached at an executive meeting of the Farmers' club held Saturday afternoon at the Farmers' State Bank and Trust company. The executive committee includes Charles S. Black, Charles A. Rowe, H. J. Blackburn, C. J. Wright, Charles H. Drake, H. J. Rice and G. A. Leach.

Bad Weather Delayed Work. At the final meeting of the Farmers' club last spring the farm advisor question was considered to some extent, and petitions were circulated for the signatures of farmers and landowners who would be willing to make an annual contribution for a period of three years to secure an advisor. It was the intention to give these petitions wider circulation at a series of farm meetings held throughout the county, but the conditions of the season were such that this intended work could not be prosecuted. Still later the bad condition of the roads made further work impossible. So far as recorded no county where a farm advisor has been employed has given up the work and instead more and more counties in this and other states are joining in the movement. The cost of maintaining a crop improvement bureau varies with conditions and with the kind of advisor secured. In some counties salaries of about \$1,500 are paid and in other counties the figures run to \$3,500 and \$4,000. The new advisor for Wood county, this state, begins work this year at a salary of \$3,000 and contract for a salary of \$3,500 in 1917 and \$4,000 the year following.

The expense of such a bureau in most instances is met by the government contribution of \$1,200 in accordance with the Lever bill, another addition to the fund by the county board, the balance being provided by the farm owners on the basis of the acreage owned. This acreage cost in most instances runs from 3 to 5¢ an acre per year. Because in most instances the county board makes an appropriation for the fund, the services of a county advisor are available for every landowner whether or not he is a member of the crop improvement bureau or agrees to pay a special assessment against the acreage he owns.

Expense Is Justified. It is the history of the movement in other counties that the increase in production, the lowered cost of purchasing seed and the better market price secured because of co-operative effort, have entirely justified the expense of the advisor and any assistance that he may have. Not only is seed secured for farmers where crop bureaus are in operation at lower cost, but all of it is tested and farmers have the definite knowledge that they are getting seed of the right kind and quality. In a number of counties the products raised have been so standardized that they have gained a reputation elsewhere for seed purposes and thus command a good sale and price. A crop improvement bureau would foster co-operative buying of seed and possibly some other things in general farm use, but would not be organized with the purpose of interfering with legitimate mercantile lines in the community where the bureau is maintained. All these points and various others relating to the expense of a bureau will be discussed at the meeting which is to be held next Thursday.

The Jacksonville Creamery Company Under the management of Mr. Roy Potter, is enlarging its plant to about triple its present size. The business the last year has increased 55 per cent, hence the need of in-

creasing the plant. A concrete raised floor has been built, slanting to give drainage, new machinery will be installed, the old machinery as well as new will be placed on the raised floor and every thing will be up to date and the plant will be modern in every way. Mr. Potter prefers Jersey cows and will pay more for Jersey milk.

THE WEEK IN THE CHICAGO LIVESTOCK MARKET.

Hogs Up to 88.

There was never a more insistent demand for hogs than prevails at present. Receipts this week for the first five days total 260,000 head, which in ordinary times would have been enough to have demoralized the trade. This week buyers took them greedily and evidently could have used more. Prices advanced 5¢ during the week—a circumstance heretofore unknown in hog history. Export shipping demand is strong and 50,000 head have been taken by these outside buyers. The big packers are not trying very hard to conceal the fact that they want hogs and competition is unusually keen when receipts drop to anything like moderate proportions. Everybody feels bullish on the hog situation and the \$9 hog is talked of as a not very distant possibility. Prices are now at the highest level since last October and the general demand is broader and better than it has been in years. Packers admit that the outlet for pork is remarkably good both on domestic and foreign account and as long as such a condition exists there is not likely to be any restrictions on buying operations. With receipts decidedly larger hogs are selling more than a dollar higher than a year ago.

Demand for provisions is strong and prices are plenty high enough to warrant packers paying current rates for swine. Buyers say that the outlet for fresh pork is unusually good which they attribute to improved industrial conditions.

Cattle Poor in Quality.

The cattle feeders are trying to sidestep the high price of feed is very evident by the condition of the steers received here this week. Offerings so far as numbers go were not above the normal but quality was far below par and buyers were forced to accept a large number of short fed and inferior cattle that they did not want. Usually at this season of the year most of the cattle are heavy and fairly well finished but this year the great bulk of the cattle marketed are scarcely above feeder quality. With a broad demand for beef both on domestic and foreign account sellers feel that the market is on solid bottom and that prices will work higher. This can hardly be possible, however, unless more fat and well finished cattle arrive as the chief demand is for steers of heavy weights capable of producing prime cuts. Out of this week's receipts hardly 10 per cent could be accepted better than medium and a very large percentage consisted of common steers for which the demand was limited and unreliable. Most of the steers here this week sold at \$7.50 to \$8.50, though the top noted kind was quotable up to \$9.75. Most of the cattle below \$8.50 are 25¢ lower than a week ago and extremely hard to sell while buyers are anxious to take steers of good quality above \$9.

Lamb Market Declines Slightly.

Nobody who has anything on feed of the ovine species is making any complaint about the condition of the market. Last week lambs sold up to \$11.15 and this week the top was \$11.10. These are record prices for this time of year and plenty high enough to put a big swell in owners' bank accounts if not in their heads. Since early this week packers have hammered the market to the best of their ability and managed to get the top down to \$10.75, but their grip is slippery and sellers are confident they will put the \$11 lamb in circulation again next week. Colorado feeders have a corner on the lamb crop at present as all the nearby feedlots are comparatively bare. About a million lambs are being fed in Colorado and packers will have to depend almost entirely on this supply to last them till the first of next June. How high lambs will sell in the meantime is anybody's guess.

MASSACHUSETTS CELEBRATES FOR GENERAL BANKS.

Centenary of One of the Most Versatile Men the Country Ever Produced Will Be Observed.

Waltham, Mass., Jan. 29.—The hundredth anniversary of the birth of Gen. Nathaniel P. Banks will be observed tomorrow by the citizens and officials of Waltham, and representatives of the state and nation. Bobbin boy in the Waltham cotton mill, country editor, lecturer, actor, politician, governor of Massachusetts, speaker of the national house, major-general under Lincoln—these were a few of the titles to fame of one of the most versatile men of the past generation.

General Banks was born here on Jan. 30, 1816, of a native American family then in rather straitened circumstances. He was "self-educated" in the thorough sense that so many Americans of the period were.

Among the speakers who will be heard tomorrow are Senator Henry Cabot Lodge and former Governor John Q. A. Brackett. Plans are being completed for the erection of a monument to Banks in Waltham. A statue of Banks now stands on the state house grounds.

Banks became a national figure in 1862, when he was elected speaker of the house of representatives. This was at the time of the climax of the great Kansas-Nebraska controversy, the issues of which led up directly to the Civil war. For two months the house did nothing but ballot for speaker. Finally Banks was elected and the abolitionists assumed a dominating influence. Banks returned to Massachusetts in 1857 to become its governor, and he held this office for three years. Banks had been one of the founders of the Republican party, in 1855, and he was given the first honors of the new party in his own state. When the Civil war broke out, it found Banks engaged in railroad work. He had become president of the Illinois Central, and was absorbed in the great project of railroad building and organization. But he willingly gave up his career to accept Lincoln's commission as a major general. In war as in politics his career was brilliant. After the fall of Vicksburg, he returned to politics and was rejected in congress, where he remained until 1877.

“Getting into Market Gardening”

is different from general farming . . . the problem is how to make the business pay . . . the growing of good crops is only one of several factors upon which success depends . . . other problems are location, markets, transportation, financing, full-time production and overhead charges."

These are the practical words of a practical man. They were picked here and there from the first of a series of three articles on market gardening.

You'll find these articles distinctly worth while. Plan to read them. The first appears in the February 5th issue of

The COUNTRY GENTLEMAN

The other two appear in succeeding issues. And notice: This man talks *selling* as well as *raising*. For the market gardener, this is a particularly vital point. That's why the editors of The Country Gentleman put so much emphasis on it. There's a regular page every week called

THE MARKET GARDEN

It's full of up-to-date paragraphs and short, crisp, little articles, each with a practical tip—and all money makers.

It's just an example of other pages regularly devoted to other departments of your farm and home—poultry, dairy, livestock, fruit, cooking, sewing, etc.—not forgetting fun.

And beside, there are six to ten special articles every week on general farming and successful specialties.

Send the coupon to-day and get The Country Gentleman for a year 52 issues—for only \$1 Or subscribe through any authorized Curtis Agent

PATRIOTIC VERSE.

On our silver dollar are the words "In God We Trust." I take that motto as a base for the following:
Line's for the Times,
Columbia there gleams afar
The luster of thy rising star
The hope of nations far and high;
Proclaim thee now thy purpose high.
The glory thine to feters break.
To lead the world, dread war forsake;
To know no nation will o'er-run;
When all our hate and fear are gone;
To tremble in the throes of birth,
To bring the new idea forth;
To be the first that ever stood
For truth and Love instead of blood.
The words of our great Master prove
To heed no call but that of love,
To fear no ill since "God we trust;"
Nor hate nor wrong for He is just;

To make our tongues resound His praise,
And honor Him in all our ways.
Instead of war prepare for peace;
Instead of doubt our "trust" increase.
A nation new we then shall stand,
Strong as none other in the land;
Then shoulder to shoulder brother man,
Shall walk as only brothers can;
Their "Peace be still" ring o'er the earth
To herald the new nation's birth;
And angels bending low to hear
Will catch the strains that ring so clear,
And sing their song again,
"Peace on the earth, Goodwill to men."
S. Adrian Hughes.

WORK OF SPRINGFIELD SURVEY EXAMPLE FOR OTHER CITIES

Specialists Found Especially Val-
uable Facts About Charity Work—
Great Care Taken as Survey Will
Be Basis of Similar Work Else-
where.

Springfield, Ill., Jan. 29.—Some-
body with a turn for classification
and a healthy amount of impatience
for the "do-nothing" brand of citi-
zen and the citizen who goes off
"half-cooked" on public matters, has
divided all individuals into four
groups:

Those who sit and think and then
act;

Those who sit and think;

Those who merely sit; and

Those who sit and act, but omit
the thinking.

Springfield, however, seems to
have a goodly number of those in
the first group, citizens who see value
in applying to certain civic and
living conditions in their city the
process of sitting and thinking and
then acting. Probably in this re-
spect Springfield may not fairly claim
pre-eminence over the 190 or more
American cities ranging from 20-
000 to 150,000 people. However,
the "sitting-thinking-acting" pro-
cess in this city has just resulted in
the publication of the seventh of
the "social survey" reports. In
turn these reports are leading many
more Springfield citizens to sit up
and take notice.

This all happens because some-
thing over a year ago about twenty-
five representative Springfield citi-
zens started a movement for a "social
survey" of their community. That
is, these citizens decided that as the
manner of life in most cities had
radically changed in the last dozen
or twenty years and that so many
new problems had been coming to
the front that it was time to pause,
to take a new look at their city—to
sit and view themselves and their
surroundings from the view-point of
the unbiased outsider. These twenty-
five citizens included two state
senators, a number of business men
and labor leaders, the superintendent
of public schools, a former lieuten-
ant governor of Illinois, public offi-
cials, clergymen, doctors, women's
club leaders, teachers, social work-
ers, and others. It was a non-parti-
san group, selected so that every im-
portant interest in the city would be
represented.

Secured Specialists.
Because of local "color blindness"
to local faults, the survey com-
tee went outside the city for special-
ists who could look over the city
without "fear or favor." These
civic experts not only studied local
conditions, analyzed the city's prob-
lems of the public schools, delin-
quency, public finance, and so on,
but also outlined methods of solu-
tion based on the best experience
of other cities. But it did not stop
there. This group of citizens, as the
survey reports began to come in, or-
ganized themselves into a series of
smaller groups whose duty it was
and is to follow up the survey recom-
mendations and see that something
is done.

The report now being distributed,
entitled "The Charities of Spring-
field, Illinois," deals with the prob-
lem of poverty and the efforts made
to help those who are dependent or
in distress. It is the work of
Francis H. McLean, the "poverty
doctor" or charity specialist of the
American Association of Societies
for Organizing Charity. Mr. Mc-
Lean found that 1764 families in
1913 in this city of less than 60,000
people had received some kind of
charitable aid from public or private
organizations. In his report he
takes up the causes of need in these
families and indicates measures not
only for improving the service pro-

HAIR COMING OUT?

Dandruff causes a feverish irrita-
tion of the scalp, the hair roots
shrink, loosen and then the hair
comes out fast. To stop falling hair
at once and rid the scalp of every
particle of dandruff, get a 25-cent
bottle of Danderuff at any drug
store, pour a little in your hand and
rub it into the scalp. After a few
applications the hair stops coming
out and you can't find any dandruff.
—Adv.

EAT WITHOUT FEAR OF INDIGESTION OR SOUR, ACID STOMACH

Instant Relief! "Pape's Diapepsin"
Ends Your Stomach Trouble
Forever.

Wonder what upset your stomach
—which portion of the food did the
damage—do you? Well, don't both-
er. If your stomach is in a revolt;
if sour, gassy and upset, and what
you just ate has fermented into
stubborn lumps; head dizzy and
aches; belch gases and acids and
eructate undigested food; breath
foul, tongue coated—just take a lit-
tle Pape's Diapepsin and in five
minutes you wonder what became
of the indigestion and distress.

Millions of men and women today
know that it is needless to have a
bad stomach. A little Diapepsin
occasionally keeps this delicate or-
gan regulated and they eat their
favorite foods without fear.

If your stomach doesn't take care
of your liberal limit without rebel-
lion; if your food is a damage in-
stead of a help, remember the quick-
est, surest, most harmless relief is
Pape's Diapepsin which cost only
fifty cent for a large case at drug
stores. It's truly wonderful—it di-
gests food and sets things straight
so gently and easily that it is really
astonishing. Please, for your sake,
don't go on and on with a weak,
disordered stomach; it's so unneces-
sary.—Adv.

vided for needy families, but meas-
ures for reducing the amount of fu-
ture dependency—the eradication of
conditions that oppose normal liv-
ing.

In an introductory statement on
the report, Shelby M. Harrison, di-
rector of the Springfield Survey, ex-
plains that "Mr. McLean's report
should help in correcting some of
the popular misconception regarding
charity work—especially organized
charity. Time was when the term
charity was applied chiefly to be-
stowing material gifts—fuel, cloth-
ing, rent money, food and gifts of
cash. That was a comparatively sim-
ple service, provided one had the
where-with-all. And valuable as
that kind of neighborly aid may have
been, it was after all only a tempo-
rary expedient. If the recipients of
aid were in really hard straits,
the gifts merely tided them over for
a few days. Then they were back
where they were before. No matter
how kindly disposed the giver, it
was only under very exceptional cir-
cumstances that he could feel his
act to be of any permanent value. To
put it bluntly, he wasn't efficient in
his giving.

Real Efficiency Defined.

"It is recognized, of course, that
the 'efficiency movement' is prob-
ably very often overdone. That is
not anything against the efficiency
idea, however, any more than eating
too much plum pudding necessarily
proves anything against plum pud-
ding. Modern business has found the
efficiency idea sound. If it is sound
for the producing of wealth it is
more than likely sound for the dis-
bursement of it. Efficiency in giving
—whether of material aid or
neighborly service—in a phrase
is the essence of modern charity
work.

"And charity work on this basis
means helping people to help them-
selves. It aims to eliminate ab-
normal conditions in family and
community life, and to promote nor-
mal conditions. It recognizes also
that such service is not simple. It
means dealing with the real issues of
daily living and is as complicated as
complex modern life itself. It means
trying to deal effectively with com-
plex situations found in families de-
pendent because of intemperance, for
instance, because of widowhood, non-
support by either husband or wife,
tuberculosis or other sickness, un-
employment, mental deficiency, or
other disabilities. Mr. McLean's
report sets forth methods and prin-
ciples involved in treating these com-
plex situations; and the practical
value of the statement of principles
is enhanced by the fact that their
application is illustrated by the ac-
tual problems to be met in Springfield
—a city which in many ways is typi-
cal of nearly 200 American com-
munities of about Springfield's size.

Facts for Other Cities.

In fact, pains have been taken by
the managers to make the whole
Springfield survey as useful as pos-
sible to this large number of middle
sized cities. The subjects taken up
cover practically every phase of liv-
ing conditions, including health san-
itation; housing; administration of
the public offices; the correctional sys-
tem; care of mental defectives; the
insane and alcoholics; working con-
ditions and labor problems; and the
work of the public schools. Each
section of the published reports in-
cludes detailed recommendations for
working out the local situations. Al-
ready Springfield has been congratu-
lated and thanked by prominent peo-
ple in other cities because of the
help given thru their study of
Springfield's survey. The department
of surveys and exhibits, Russell Sage
Foundation of New York, conducted
the survey and is distributor of the
reports outside of Springfield. In
conducting the survey the Sage
Foundation was assisted by special-
ists from the U. S. public health ser-
vice, National Tuberculosis associa-
tion, National Housing association,
American Association for Organizing
Charity, and the National Committee
for Mental Hygiene.

WOMAN'S COLLEGE NOTES.

This week closes up the first
semester. All classes begin on the
new semester work on Tuesday, Feb.
1. Now is a good time for any one
planning on college work to arrange
definitely for some of the new courses
that will be offered.

Monday, Jan. 31, in Music hall,
Mrs. Hartmann will give her annual
recital. The program is to be of
unusual interest, and all are cordi-
ally invited.

Arrangements have been made for
two lectures in the near future. On
Feb. 17, Owen Lovejoy will give a
lecture on "Child Labor," and on
March 13, Colonel Shields will give
a lecture on "Wild Birds, and Their
Uses."

The latter part of March and the
first week in April will see the splen-
did art exhibit, which is now being
collected by the American Federation
of Arts.

The committee of students who
have in charge the May Day festi-
val are working diligently on the
pageant for this year. It will be of
unusual interest, having to do with
the founding of the college.

CHARLES SCHERZER SUICIDES.
Chicago, Jan. 28.—Charles Scher-
zer, president of the Scherzer Roll-
ing Lift company, jumped down an
elevator shaft from the sixteenth
floor of a building this afternoon
and was crushed to death. A sec-
retary said he could give no reason
for the act.

ILLINOIS CENTRAL EARNINGS.
New York, Jan. 28.—Additional
statements of December railway
earnings issued today were in keep-
ing with recent unfavorable re-
ports for that month. The Illinois
Central gross income amounted to
\$821,000 and its net \$208,000 while
the six months gross of \$1,693,000
and the net \$614,000.

Samuel Story of Murrayville had
business in the city yesterday.

CHARGED WITH SHOOTING

MAN FAMOUS AS CROOK

Four Georgians Killed A. D. Oliver,
Known as "Get Rich Quick Wal-
lingford of the South."

Leesburg, Ga., Jan. 28.—Four
men who are held in connection with
the killing of A. D. Oliver, the "Get
Rich Quick Wallingford of the
South," at Leesburg on the night of
Feb. 17, last year, will be placed on
trial by Judge Z. A. Littlejohn next
week. The four accused men are G.
W. Chase, Claude Chance, Minter
Kennedy and a negro, Ike Carter.

Interest is aroused all over the
state in the forthcoming trial, be-
cause of the cloud of mystery that
surrounded the shooting, and the
prominence of a victim, who has
played a notorious role in this and
other southern states. The man was
a marvel. He played upon every
human weakness and passion, and
his victims fell easily under his
hypnotic power.

Oliver's right name is said to be
Blazer. He first came to police no-
tice in Cincinnati some fourteen
years ago, when he passed a spuri-
ous check. He then journeyed south-
ward, on a career of frenzied chance,
many episodes of which were enact-
ed in Atlanta, where, it is said, he
married the first of three southern
wives. Then he went to Tampa,
where he married a society girl and
was a neighbor of the governor. A
detective from Louisville went there
to get him for forging bills of lad-
ing and obtaining eight cars of corn
by fraud, but the detective was put
in jail and fined for carrying con-
cealed weapons. Blazer was operat-
ing mills and factories and floating
big enterprises, when the Florida
governor was prevailed on to give
him up to the Cincinnati police.

While on the journey northward,
the Cincinnati detective was arrest-
ed in Atlanta for kidnapping his pris-
oner, but he finally landed him in
Cincinnati and Blazer was convicted.

With prison pallor on his face, he
again went south a few years later,
married the daughter of a leading
citizen of Climax, Ga., and became
one of the biggest business men of
the state. He organized a chain of
banks, and was reputed to be
wealthy, when suddenly a crash
came, and his investors were left
 penniless. He was prosecuted for
the alleged swindle, and later for
bigamy. He escaped the swindle
charge, but was convicted of big-
amy, and sent for four years to the
chain gang. On his release he was
claimed by Mississippi, for swindling
and jail breaking. So clever was
Blazer that he secured his freedom
by swearing that he had a twin
brother, who used the name of Hard-
ing, under which name he had been
convicted years ago. And the judge
released him.

Unshamed of his career Blazer
went back to Georgia, and founded
here the Farmers' Bank and Loan
company. He was head of the bank
until he was shot. Not a cent was
found in the bank, although Blazer
was considered to be a millionaire.
Now a lonely grave in the potter's
field contains the body of this real
J. Rufus Wallingford, a dreary com-
mentary on his career. No funds
being available and no relatives hav-
ing claimed the remains, there was
no other disposition to be made of
the body.

Since the killing of Blazer a year
many new developments have come
to light concerning his sensational
career. It is said that while he was
in jail in Jackson, Mich., he organ-
ized a company. At another time,
while serving time, he founded a
bank. When he first came to Geor-
gia, he went to a small town named
Dakota, where he displayed checks
on various northern corporations and
acquired control of a big business.
As a climax of this deal, he was
employing the real owners on a sal-
ary. When caught for some previous
offense, he sold the business, pock-
eted the money, and successfully
fought the charges. Later he was
mixed up in a bank fraud at Paint
Rock, Ala., and when detectives
from that town came to Georgia to
arrest him, he succeeded in having
the detective jailed.

The murder of Blazer, who was
known by other names in various
places, and known here as A. D. Oli-
ver, created a sensation. He was shot
as he was leaving his bank in the
evening, and a shotgun was found in
a field nearby. The two Chances
who will go to trial next week, are
in jail here, and Kennedy and the
negro Carter are in jail at Americus,
Ga.

CONSERVATORY NOTES.

There will be a students' recital
in Recital hall next Friday afternoon,
Feb. 4, at 4. The public is cordi-
ally invited.

Mabel Forrester will play a violin
solo and Mrs. Frances Imminga will
sing at the Epworth league meeting
in Grace church Sunday, Jan. 30.

Dorothy Hittie played a piano solo
at the Rebekah lodge meeting Fri-
day evening, Jan. 28. She will sing
a solo at Grace Christian church
Sunday, Jan. 30.

Mary Daniels played a piano solo
at an entertainment and social given
in Westminster church Thursday
evening, Jan. 27.

Harry Beckman and Earl Pond
will sing a duet at the Baptist
church next Sunday, Jan. 30.

Lorine Deweese, who is taking a
post-graduate course at the Con-
servatory, will play a number of
piano solos at a birthday social in
the parsonage of the Christian
church Monday afternoon, Jan. 31.
A most successful and well at-
tended students' recital was given
last Thursday afternoon in Recital
hall. The following program was
performed.

Gretchen's Dance (Piano)
..... Delafield
Sarah Kautz Russel.
Melodie, No. 1 (Violin) Tours
Bryon Craig.
Veilchen (Piano) Bohm
Mary Strawn.

PROGRAM ANNOUNCED OF

MRS. HARTMANN'S RECITAL

One of the musical events of Jacksonville has come to be the annual voice recital by Mrs. Florence Pierson Hartmann of the College of Music faculty. The program which Mrs. Hartmann has prepared for this year's concert is of unusual interest and brilliance. In addition to a group of German songs and a group of English songs there is a French group in which are three operatic arias, making a number of surprising beauty and variety. Mrs. Hartmann has an excellent voice and a delightful evening is assured. The recital is open to the public without charge and all are cordially invited to attend. The program in detail follows:

Wie bist du, meine Königin, Brahms
Wienlied Brahms
Mädchen mit dem Rothen Mund-chen Gall
Du bist wie eine Blume Schumann
Der Nussbaum Schumann
Delft Strauss

In Piccadilly Foote
Thistle-down Foote
The Wanderer to His Heart's Desire Foote
My Lover He Comes on the Sneeze Clough-Letter
Two Roses Gilberts
We Two Together Kernochan

O ma Lyre immortelle, from Sapho Gounod
L'amour s'envole Weberlin
Les Berceaux Faure
Premiere Danse Massenet
Les Larmes, from Werther, Massenet
Bonne Nuit Massenet
Arietta and Canzonetta, from Dinorah Meyerbeer

CITY AND COUNTY

Roy Abernathy of Chapin called on city people yesterday.

Thomas Mandeville of Woodson was a city caller yesterday.

John Snyder helped represent Alexander in the city yesterday.

W. E. McCurley was a Woodson resident in the city yesterday.

Walter Roach of Springfield was a pilgrim to the city yesterday.

E. L. Clark of Litterberry made a business trip to the city yesterday.

John Koyné of Murraville had occasion to visit the city yesterday.

W. H. Bickell of Evansville was among the city visitors yesterday.

Mrs. William Glenn of Griggsville was an arrival in the city yesterday.

Dan Mellie of Prentice was calling on city business men yesterday.

Roy Abernathy of Chapin spent Saturday in the city trading with local merchants.

Rex Ranson of the southeast part of the county called on city people yesterday.

Charles Woodall of Manchester made a business trip to the city yesterday.

George Anderson of Murraville made a business trip to the city yesterday.

Jacob Strawn and Ed. Phillips helped represent the north part of the county in the city yesterday.

E. French of Clayton was attending to business matters in the city yesterday.

Robert Roach of Virginia had business demanding attention in the city yesterday.

John C. Funkhouser of Springfield made a business trip to the city yesterday.

J. S. Guthridge of Stonington was among the arrivals in the city yesterday.

D. R. Hellis of Macomb was a caller on Jacksonville people yesterday.

Silas Lockett of Pearl was among the callers on Jacksonville business men yesterday.

Miss Nellie M. Cuddy of Arnold Station spent yesterday with city friends.

J. W. Bristole of the capital city visited the capital of Morgan county yesterday.

Fred Simpson and J. E. Osborne were among the Murraville representatives in the city yesterday.

Dr. F. R. Jones of Woodson was visiting Jacksonville friends yesterday.

James K. Cunningham, a prominent citizen of Murraville, visited yesterday with city friends.

Harry Rice of the vicinity of Arnold Station rode into the city by train yesterday.

Thomas Winters of the south part of the county was transacting business in the city yesterday.

Jerome Culp and Richard Loneragan of Woodson called on city business men yesterday.

Howard Dunlap of Moberly, Mo., is visiting friends and relatives in the city and county.

Benjamin Dye of the north part of the county called on city people yesterday.

Ed. Phillips of the region of Clark's Chapel was a caller in the city yesterday.

Mrs. J. H. Hubbs and daughter were in the city yesterday from Prentice.

Misses Myrtle Harris and Edrie Borden were representatives of Beardsden in the city yesterday.

Samuel Butler of the southeast part of the county was in the city yesterday.

Mr. and Mrs. Jos DeSilva of West Lafayette avenue are enjoying today a visit from their son, Dr. Joseph DeSilva, of Rock Island. The latter has risen high in his profession and is a leading citizen in the city in which he lives.

P. E. Farrell has returned from Chicago where he has been for almost a week enjoying the great automobile show. He reports a large representation of all kinds of cars and a fine attendance. He is much pleased with his visit to the great city.

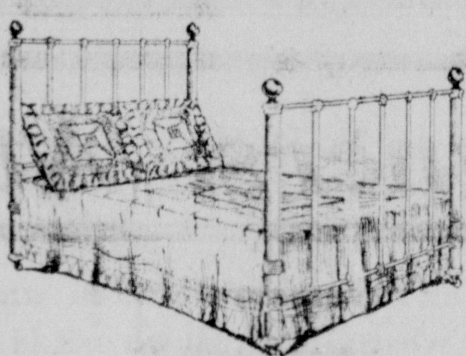

John Doyle of Chandlerville rode down to the city yesterday. He says the C. P. & St. L. road had been much troubled by water but was getting trains thru pretty nearly on time and doing admirably considering the circumstances.

19th Semi-Annual Sale

Jan. 31 to Feb. 26

MONDAY, JANUARY 31st

ANDRE & ANDRE

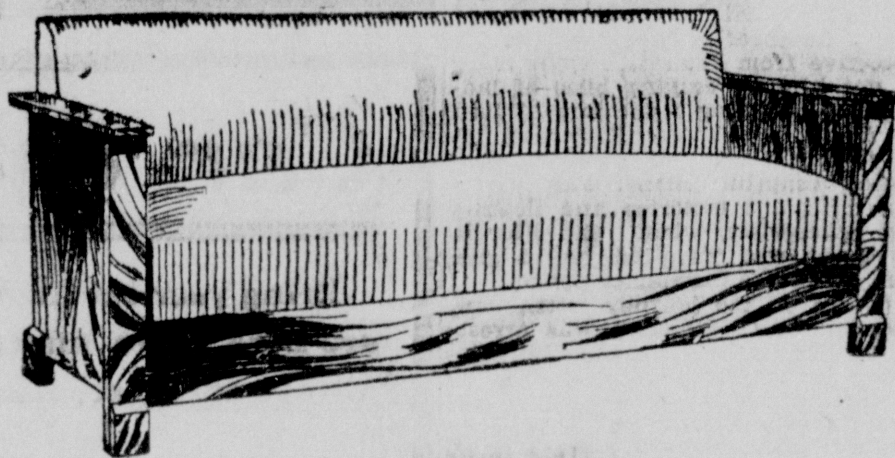

BEGINS THE EAGERLY LOOKED FOR

19th SEMI-ANNUAL SALE!

With Its Multitude of Value-Giving Surprises, in Which Every Section in This Big, Busv Store Will Participate

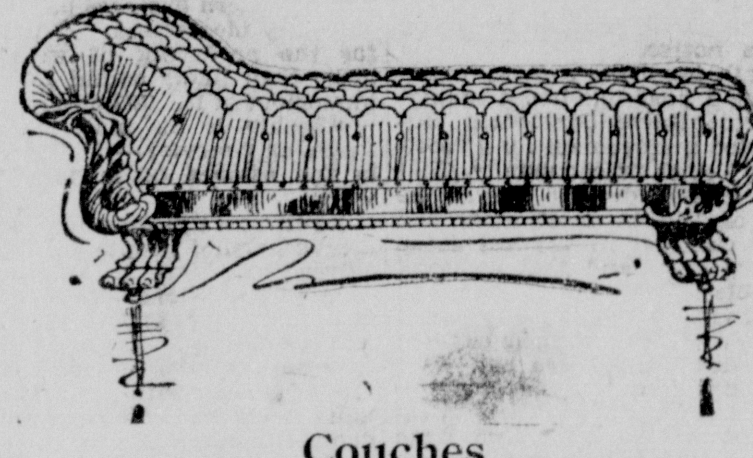

This sweeping announcement will be anxiously read by thousands of people who, from past experience know full well what this sale at Andre & Andre's means. It is the time for righting of stocks, where original costs are totally disregarded in our firm determination to clear the decks of all fall and winter merchandise of every kind, to comply with our unalterable rule to start each season with new stocks thruout. Past experience has proven this to be good business judgment and this year we enter this clearing campaign with the largest stocks ever on hand at this season of the year, and with even greater determination to make the clearance thorough and complete.

We have appended here several hundred items gathered from the various departments; but these are merely an index of thousands of others distributed thruout this establishment, ready for choosing at 8:30 MONDAY, MORNING, JAN. 31, when this sale will be enthusiastically launched and lasting until Saturday evening, Feb. 26. Now is the time to anticipate your spring needs. Buy now and save money.

WORLD'S MARKET NEWS

FOREIGNERS TURNING TO SELLING SIDE BRINGS DECLINE IN WHEAT

Chicago, Jan. 29.—Foreigners calcu-
lating spot purchase transactions
and then turning to the selling side
of future deliveries brought about
a substantial decline today in the
wheat market here. Prices closed
heavy 1/4 to 1 1/2 cents lower, with May
1.34 1/2 and July 1.25 1/2.
Corn gained 3/4 to 1/2 cent, oats
flushed 3/4 to 1/2 cent and provisions
varying from 7 1/2 decline to a rise
of 70.
Assertions from Minneapolis that
the French government had bought
a large amount of flour at the high-
est quotations this season led to one
lively rally in wheat, but the effect
was brief. Some bullish sentiment
was stirred up also by stormy weather
and by a falling off in receipts
northwest, but the bears had more
press of an offset in the fact that
stocks at Kansas City had piled up
to a total of nearly 9,000,000 bushels
and were said to be still on the in-
crease with no adequate outlet in
sight.

CHURCH SERVICES.

State Street Presbyterian church—Sabbath school at 9:30 a. m. Dr. A. B. Morey will preach, 10:45 a. m. Young Peoples meeting at 6:30 p. m. Prayer meeting Wednesday evening.

This will be a talk to the young people of the church and all young people are invited. The evening subject, "Jacksonville's Empty Boast." A plain talk on the everyday sins of the people of this city. Harry Beckman will sing at the evening service with Miss Hoffman playing a violin obligato. Miss Hoffman will also play a violin solo. The Ladies' Aid society will meet next Thursday afternoon. The Inevitable Bible class will meet in their regular monthly business meeting Monday night in the class room. Sunday school at 9:30 a. m. E. M. Vasconcellos, superintendent. Classes for all ages. Christian Endeavor at 6:30 p. m. Prayer and revival meeting on Wednesday night. All together, all the time, for all the work.

SAW A ROBIN.
Walter Holly on Hardin avenue saw a veritable robin Saturday morning and it wasn't a very good day for robins either. Spring is some distance away and the little redbreast will do well to seek a warmer climate for a while.

LEVENGEON GETS JUDGMENT OF \$73,000 IN ALLEGED BOOK SWINDLE

CHICAGO, Jan. 28.—Harry M. Levengeon, a book collector of Saratoga Springs, N. Y., was awarded judgment for \$73,000 in the federal court today on allegations that he was defrauded in a rare book swindle. In his suit he named Wm. C. Humes, Herbert O. Tomlinson, James J. McArdle and Samuel Warfield as defendants. Levengeon paid \$61,750 for the 5,000 volumes of Americana involved. The jury awarded him this sum plus interest, less \$5,000 which the jury considered the actual value of the set. Service in the suit never was obtained on Warfield and the case against McArdle was dismissed two weeks ago. The verdict therefore ran against only Humes, Tomlinson and Plunkett.

JURY IN WILLOW CREEK DRAINAGE DISTRICT ADJOURNS

The jury in the Willow Creek Drainage District adjourned Friday until Wednesday of this week. The jury then expects to go into session and try to arrive at a verdict.

Messrs. A. T. and W. Y. Capps expected to start tonight for New York City on business in connection with the wagon mills of J. Capps & Sons.

NEW BOOKS AT THE PUBLIC LIBRARY.

Biography.
Lazarovich—Hireblianovich—Pleasures and Palaces.
An interesting selection of memoirs from the manuscripts of one who was well known in her own rights as an actress and in her family connections as a grand niece of John C. Calhoun. Her associations with many men and women of note in the court and artistic life of Europe, her own power of observation and reflection combined with her democratic instincts and training make the book very enjoyable reading.
Ferry—Carlyle and how to know him.
"More than ever in these stirring times Thomas Carlyle stands forth as the author who has most picturesquely described great soldiers and crises of human history—Cromwell, Frederick the Great, the French Revolution. And no writer of English literature has more faithfully described the struggle within man himself."
Thayer—The Life of John Hay.
A "personal biography not a political history."
Literature.
Bostwick—Making of an American Library.
Fabre—Hunting Wasps.
Written by the man who called "The Insects Homer" and the Scientist.

WANTED—Name and address of every farm hand, farm renter and farm owner, who is anxious to improve his condition and who would like to file on a 220-acre Government homestead in Wyoming. S. B. Howard, Immigration Agent, Burlington Route, Room 421, 1004 Far-nam St., Omaha, Neb.

is, with a Poet's Heart."
Mackay—Deau of Bath and other one act plays.
Miscellaneous.
Cram—Heart of Europe.
"A passionate and loving review of the history, spirit and art treasures of the Netherlands."
Crile—Mechanistic View of War and Peace.
War as the surgeon sees it is the theme of this book.
Fosdick—Meaning of Prayer.
"Full of intellectual discrimination, ethical insight, historical and biographical examples and spiritual vision."
Survey.
Rowe—Habit Formation and the Science of Teaching.
Great Fiction.
Cather—Song of the Lark.
Grayson—Hempfield.

BARRY PROVED EASY FOR JACKSONVILLE

LOCALS RAN AWAY WITH GAME
IN FIRST HALF.

Basketball Contest Between High School Results in Score of 38 to 11—Franklin "Independents" Win from Thayer "Maroons" by Score of 20 to 10.

Barry high basketball team proved an easy prey to the Jacksonville high last night in the David Prince gymnasium, the score being 38 to 11. Barry showed in the first half that they were outclassed, when the score stood 22 to 9. During the latter part of the second half Coach Huber sent in his second team, which appeared to make a better match for the Pike county lads.

The fans will now look forward to the game next Friday night when Springfield high comes. The J. H. S. men want to win and retrieve the loss of the first game against the Capital City lads.

Sophomores Win.
The J. H. S.-Barry game had as a curtain raiser a contest between the Freshmen and Sophomores, the Sophs winning by a score of 39 to 10. In the second half of the contest two new teams were put in that twenty boys had the privilege of getting into the fray.

Franklin, 20; Thayer, 10.
The Franklin "Independents" and the Thayer "Maroons" indulged in a lively game of basketball at Franklin last night, the final score being 20 to 10. The score scarcely showed the strength of the two teams nor the excellent article of basketball that was dished up. At the end of the first half the score stood 8 to 6 in favor of Franklin. There was a large sized crowd present and they demonstrated that they were good rooters.

Games Next Week.
Next Friday the Independents will go to Bluffs to play and Saturday evening the Franklin high will play Winchester high at Franklin. Both games are expected to be hard fought.

Established 1890.

We have forty trunks which we will close out at actual cost. J. W. Lan.

ANNUAL HOME COMING.

The Second Baptist church of this city held its annual home coming and reception Friday evening. The regular business of the church, hearing reports and the like, was deferred till Wednesday evening, although \$27.76 in church dues was raised, which speaks well for the members of the church and congregation. A program was carried out and much enjoyed by the 92 persons who sat down to the banquet of good things prepared by the clubs. The banquet was free and the guests were loud in their praise of the good things provided and of the work in general.

Don't throw your old bicycle tires away, have them vulcanized. Illinois Tire and Vulcanizing Co., 313 W. State St., opp. Court House.

NEW X-RAY MACHINE.
Dr. A. H. Kennibrew has installed in his Home Sanitarium an X-ray machine made by the McIntosh Battery and Optical Co., of Chicago. It is the latest and most approved style and may be seen any hour for the next few days.

Aaron Peteñish, Jr., of Litterberry has gone to Bloomington for a visit with his parents, Mr. and Mrs. A. W. Peteñish.

TRAINMEN HAVE NARROW ESCAPE IN C. P. & ST. L. COLLISION

The C. P. & St. L. local, north-bound, and an extra engine running light met Saturday afternoon at 3:30 o'clock about a mile south of Litterberry and the fact that none of the crew received serious injury was the subject of much remark. No. 28, the local, was in charge of Engineer Davidson and Conductor Wall and was drawn by engine No. 54. The extra, drawn by engine No. 4, was in charge of Engineer Hall and Conductor Coffman and included a train of twenty-nine cars, mostly empty. Both the crews had to wait orders and one of the crews, evidently chose to take a chance and went ahead. The crews of both trains jumped, all escaping injury with exception of Fireman Higginbottom of Havana, who rolled down an embankment and was considerably bruised. Higginbottom was taken to Havana on the regular passenger.

An investigation will be held soon to determine which crew was to blame. W. C. Hurst of Springfield, vice president and general manager of the road, was on the 3:09 o'clock passenger which followed the local. He took charge of affairs and so quickly was the work of clearing done that traffic was delayed but little longer than an hour. The front part of one of the engines was off the track but it was found possible to get the locomotive back to the rails without resort to a wrecker.

JACKSONVILLE TAILORING CO.

BROKEN WHISKEY BOTTLE

FORMS BASIS OF SUIT
The suit of Mrs. Josephine Dice against the Wells Fargo Express Co. in which the plaintiff seeks reimbursement and punitive damages for merchandise broken in transit, was tried before Justice Dyer Saturday without a jury. A bottle of whiskey which had been shipped with other merchandise was found to be broken and it was upon the theory that the package had been tampered with that suit was brought. The defense brought forward the fact that such a package, marked as merchandise merely, could expect no especial care from transportation agents. Decision will be handed down by the justice Monday forenoon.

W. N. Hargrove and John M. Butler appeared for Mrs. Dice and Carl E. Robinson for the express company.

Spring gingham now on display at HARMON'S.

PASSED EXAMINATION.
James Stubbfield and Laura I. Park, both of this city, have passed the state civil service examination.

ATEXAS WONDER
The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. Send for testimonials from this and other States: Dr. E. W. Hall, 225 Olive Street, St. Louis, Mo. Sold by druggists.—Adv.

CHORAL AND MUSICAL CLUB ENTERTAIN FOR MRS. J. CARL GORMAN

Winchester Musical Organization
Heard in Informal Program—Other Winchester News.

Winchester, Jan. 29—The Ladies of the Choral and Musical club were entertained from 3 till 6 Saturday afternoon at the home of Mrs. E. J. Frost in honor of Mrs. J. Carl Gorman, who expects to leave soon for the east. The following informal program was given:

"A Song" (Macdowell).
Duet, "Your Voice" (Denza)—Mrs. W. H. Kinison and Miss Martha Higgins.

Solo, "At Dawning" (Cadman)—Louise Frost.

Monologue, "The Shoe Shop"—Stacy Smith.

Solo, "The Birth of Morn"—Mrs. Samuel G. Smith.

Solo, "This Little Baby of Mine"—Mrs. Nicholas Dennerth.

Quartet, "Mighty Like a Rose" (Nevin); "The Greatest Flower That Grows"—Mrs. W. D. Gibbs, Mrs. M. A. Henderson, Miss Henderson and Mrs. Ada Lankford.

After the program refreshments were served and a social time spent.

Personal Mention.
Mrs. George M. Hill and daughter Helen arrived Saturday from Greenfield for a visit with T. C. Hill and family.

Mr. and Mrs. J. C. Neat expected to leave today for a two months' visit in Florida.

George Hieronymous has returned from a short business trip in Quincy, James Waters of Naples was a visitor here Saturday.

WITH THE SICK.

A telegram was received Tuesday by Mrs. James Rice with word of the illness of her sister, Mrs. Carrie Stahler at Portsmouth, Ohio, following a second operation in five weeks. Later Mrs. Rice received word that her sister's condition was somewhat improved. Mrs. Stahler formerly resided in this city and her many friends will be glad to learn that there are hopes for her ultimate recovery.

Mrs. J. R. Smith of North Church street is recovering from an attack of the grip.

Frank Byrns, proprietor of the well known hat store, is suffering with a siege of the grip.

Mrs. C. P. Henderson returned to her home in Litterberry yesterday after a visit with her sister, Mrs. J. A. Crum, who is seriously ill.

Percy Jenkinson, teller in the Ayers National bank, is recovering from an attack of the grip.

Geo. J. Templin is recovering from a recent attack of the prevailing malady, the grip.

Miss Meda Duncan, bookkeeper at the Peacock Inn, is slowly improving after an illness of several days.

Irwin A. Patterson is ill with lagrippe at his home in Shiloh neighborhood.

Clell Crabbe, employed at Illinois School for the Blind, is improving after an attack of lagrippe.

Cort Hughes, north of the city, is suffering from a broken left rib, suffered Saturday from a fall on the icy ground.

Louis Leurig was about Saturday after an attack of appendicitis which kept him at home the greater part of last week. Mr. Leurig hopes to be at his barber shop Monday.

Anything in RUBBER Wanted? We Have It

For Sickroom, Bath, Nursery, Toilet, Home, Kitchen, Doctors, Surgeons, Hospitals.

It matters not what you want in rubber, we certainly have it. In this department we specialize to a great extent on not only the important rubber items but those of frequent use. LOCAL PAY-UP WEEK HAS BEEN OFFICIALLY DECLARED

Mayor Rodgers Issued Proclamation
Saturday in Accordance with
Merchants' Plans—Supplies and
Literature Coming.

Acting on the suggestion of merchants who have planned for observing "National Pay-up Week in Jacksonville," Mayor Rodgers has issued a proclamation officially designating the week of Feb. 21-26 for the time when people are expected to make a special effort to meet their obligations. The Pay-up Week idea has spread very rapidly and thousands of cities will this year carry out the plans which have been outlined by the Merchants' Trade Journal of Des Moines.

Various plans to be used in connection with the work will be received some time this week, according to Secretary Carl H. Weber of the Chamber of Commerce, and will be delivered to the merchants who have joined in the work. This is the language of the mayor's proclamation:

Proclamation.

Whereas, The week of February 21st to 26th, inclusive, has been designated as National Pay Up Week, to be observed throughout the nation, and

Whereas, People in cities, towns and communities in all parts of the country are uniting to make National Pay Up Week a memorable event, conducive to the good of all, and:

Whereas, Business being conducted and maintained by and with exchange of credits—money being only the measure of value, a united action by all to adjust accounts is bound to prove beneficial to every citizen in every town or community that observes it. Therefore,

I, by the authority vested in me as Mayor of Jacksonville, Illinois, do hereby designate and proclaim the week of February 21st and 26th inclusive, 1916, Pay Up Week in this community, and I do sincerely trust that every man and every woman in our city and community who owes a debt will endeavor to pay during this week and thus aid in this great national movement for prosperity. Signed H. J. Rodgers, mayor.

WHITE PINE AND SPRUCE will cure most any cough. GILBERT'S Pharmacy.

TAXES! TAXES!

Tax books now in the sheriff's office are a judgment against all property and persons named on the tax books, parties paying on personal property only, should pay the same early and avoid expense, and on real estate should bring in last year's receipt to avoid mistakes and those paying thru their respective banks should leave their receipts with the banks as early as possible.

GRANT GRAFF,

Sheriff and Ex-officio Collector.

DRAMA LEAGUE ELECTED OFFICERS SATURDAY

Various Committees Made Reports
of Year's Work—Address by Mr.
Chubb to be Given Feb. 24th.

The annual business session of the Drama League was held at the public library Saturday afternoon, when committee reports were presented and officers were chosen for the ensuing year. It was announced that the program given as a part of the annual meeting will take place Feb. 24, at the library, when an address will be given by Mr. Percival Chubb of St. Louis.

Miss Stella Cole presented a report for the educational committee, mentioning among other matters the establishment of a Drama League collection at the library for the use of the League members. The Modern Dramatist series of books has been purchased and the collection includes the magazines, "Poet Lore" and "The Drama." It is the intention to add to this collection from time to time books and magazines which Drama League members will find of special interest and value.

Mrs. F. J. Waddell presented report of the play committee and Mrs. Weir reported for the membership committee.

The election of officers resulted as follows:

President—John G. Ames.

First vice president—Thomas Worthington.

Second vice president—Miss Amy Mothershead.

Treasurer—Miss Grace Cowgill.

Secretary—Mrs. Frank J. Heintz.

START NOW

Merl Beddingfield of Joy Prairie was in the city yesterday on his way home from the Missouri school of auctioneering at Kansas City. The young gentleman intends to try his hand at public selling and will no doubt make a success of it. This is the wish of a good many friends. While taking his course he had some experience and made good at it and showed signs of a successful career.

EAGLES STATE CONVENTION IN ROCK ISLAND JUNE 12-15

Joint Session of Illinois and Iowa
Associations Will Also be Arranged—State President Correa Will
Call Session to Order.

The dates for the Eagle State conventions of Illinois and Iowa to be held in June have been approved by Worthy State President Frank U. Correa of this city, and Worthy State President F. A. Hassel of Burlington, of the Iowa state aerie. The Illinois convention will be held at Rock Island June 13, 14 and 15 and the Iowa state convention will be held at Davenport on June 13 and 14. The session of the Illinois State aerie will be held in the new Eagles home in Rock Island which was recently completed at a cost of \$60,000. The first dirt was turned for the building of the Rock Island home on the occasion of the State aerie meeting in Moline in 1914.

The Illinois session will be called to order by State President Correa at 10 o'clock a. m. on June 13. This session will be public. With the beginning of the afternoon session only delegates and members will be admitted. This also will hold good the remainder of the session.

It is expected to hold a joint session of the Illinois and Iowa State aeries in the Rock Island home. President Correa has been instructed by the convention committee at Rock Island to extend an invitation to Grand Worthy President W. L. Grayson of Savannah, Ga., and Past Grand Worthy President Frank E. Hering, editor of the Eagles Magazine of South Bend, Ind., to be present at the meeting. All plans have not been completed for the session but it is expected to make the next state meeting the biggest gathering of Eagles ever seen in Illinois. At the close of the convention the Rock Island aerie will take the members and their friends on an auto sight seeing tour of Rock Island, Davenport, Moline, East Moline and Silvas.

SPECIAL NOTICE.
ALL WINTER GARMENTS AND
MILINERY REDUCED TO SATISFY
THE SMALLEST PURSE.
J. HERMAN.

HAVE MODERN HOMES.

The seven room modern house erected in South Jacksonville by James McGinnis by S. G. Chumley, has been completed and is modern in every way. The woodwork downstairs is of oak and china closet and buffet are built as a part of the dining room. The oak flooring was given an especially fine finish with the electric sander which Mr. Chumley purchased especially for that purpose. The same contractor has also just completed a residence for Edward Shanahan, who lives four miles southwest of Jacksonville. In most of its details the residence is very similar to the one erected for Mr. McGinnis.

PRESCRIPTIONS carefully and promptly prepared at GILBERT'S pharmacy.

FIRST J. H. S. LUNCHEON.

Misses Corrington and Skinner Hostesses Friday Evening.

The first of a series of luncheons by members of the third year domestic science class of Jacksonville high school was held Friday evening in the rooms of the department, with Miss Marguerite Corrington and Miss Faye Skinner as hostesses. Each of Miss Newman's third year pupils will act as hostess at a similar luncheon some time during the next few weeks.

The luncheon Friday was well served and prettily appointed. The colors used were green and white. Covers were laid for eight. Assisting the hostesses were Miss Georgia Christison, Loreto Piepenbrink, Helen Mansfield and Lulu Bell Hildreth.

Orvil Corey and Harold Amos were representatives of Roodhouse in the city yesterday.

NEW A. H. T. A. MEMBERS.
Herman Burmeister, William Shanahan and W. J. Brady were added to membership Saturday afternoon at the monthly meeting of the Anti-Horse Thief association at the county court house.

MRS. SARAH RUSSEL DEAD AT FARM HOME IN NORTH DAKOTA

Deceased Was Nearly Seventy Five
Years of Age and Had Spent Most
of Her Life Here—Paralysis was
Cause of Death.

A telegram received Saturday by George S. Rogerson announced the death of his sister, Mrs. Andrew Russel, at Mapes, North Dakota. The death of Mrs. Russel was not unexpected as a previous telegram had brought information of her critical illness as the result of a stroke of paralysis. Six months ago the deceased suffered a stroke from which she partially recovered, but since that time her health has been gradually failing. It was in February, 1913, that Mrs. Russel accompanied her son and daughter, Mr. and Mrs. Sinclair Russel, to their new home in North Dakota, after several years' residence on the old Russel farm in the Woodson neighborhood.

Mrs. Russel's maiden name was Sarah Rogerson and she was born at Castleford, Province of Canada, Aug. 18, 1841. Her father was engaged in the lumber business and afterward determined upon a residence in the United States and the family moved first to Chicago. Afterward Jacksonville became their place of residence and Mr. Rogerson established the lumber business on North Main street which subsequently passed into the hands of J. S. and G. S. Russel, now deceased. Still later the Rogerson family moved to Champaign and it was there March 22, 1865, almost sixty-six years ago, that Sarah Rogerson became the wife of Andrew Russel. Their home was established at 1127 Mound avenue, and there Mrs. Russel lived until 1903, when she went with her son to the Woodson farm. Mr. Russel died in 1888, a few years subsequent to a great sorrow which came to his home when as a result of a contagious disease, six of the nine children in his family died within a few weeks' time.

Mrs. Russel was a member of the old Central Presbyterian church and afterward became a member of Westminster. She was devoted to the interests of the church and the same unselfish earnest spirit which characterized her church life was evidenced in all her activities. As a neighbor and friend the cares of her own household were never such that she could not give help and comfort to those in distress of mind or body. No request for aid ever came to her unanswered, and since service is the true measure of a useful life Mrs. Russel can truthfully be said to have met the highest ideals of Christian living.

Her was an uncomplaining spirit, cheerful no matter what the day or what the happening, and she went on thru the long years, always looking to the future but ever making the best of every opportunity at hand to do good. Certainly the rewards which come to those who live faithfully will come to this good woman.

Mrs. Russel is survived by one daughter, Elizabeth Lang Russel, and one son, Andrew Sinclair Russel, both of Mapes, North Dakota. She leaves also two sisters, Mrs. Catherine Bradley and Miss Christina Rogerson of Champaign, and one brother, George S. Rogerson of this city.

The remains are expected in Jacksonville Monday morning and will be taken to the home of George S. Rogerson, Lockwood Place. The funeral will probably be held Tuesday at an hour to be announced later. Interment will be in Diamond Grove cemetery.

MR. WILKINSON THOROLY COMPETENT FOR OLD POST

William Wilkinson, who has been restored to the position of chief engineer at Jacksonville state hospital thru a recent order of the civil service commission in accordance with the supreme court ruling, is the right man for that position. When he was removed from it the fact was a sad commentary upon the civil service. Because he did not choose to answer certain technical questions the position was given to another. In fact, there have been three or four different men in the position since Mr. Wilkinson went out and they came to know very speedily how great were the demands of the work.

Mr. Wilkinson had been so long at the hospital and had such an active part in the construction work that he was familiar with it as no one else could be. In his work this stored up knowledge was of a value to him which would far outweigh any knowledge which might be gained from any books. When Mr. Wilkinson was removed from the position he took the order with good grace and turned to other lines of employment. It is gratifying not only to him but also his friends that he is again to take up the work for which he is especially qualified.

GOOD ATTENDANCE PROMISED.

All expecting to attend the luncheon in connection with the annual meeting of the Chamber of Commerce are requested to make reservations by 4 o'clock Tuesday. The banquet will be served at 6 o'clock, with President J. J. Reeve presiding. Tickets are going well and an excellent attendance is promised.

Little Editorial

Edited by Myers Bros.

It Is the Wise Buyer Who Looks Forward

It is out of the ordinary for the average consumer to anticipate his wants—he usually waits until such time as the weather necessitates that he is ready to wear them.

The average consumer does not anticipate for the reason presumably that "his merchant" is a good buyer, and that he will give you the advantage of his buy.

We are now placing a great many advance orders for next winter requirements, an unusual proceeding at this early date. However this early buy to "cover up" on a constantly rising market, is our protection to you.

This is one part of a service we are constantly striving to give our patrons.

Almost every day we receive correspondence relative to these advancing costs. As an instance a recent letter advising that a staple work garment which is being retailed at 75 cents, would now be worth 94 cents, on futures in wholesale quantities, same being subject to confirmation by wire as supplies were limited at any cost.

Store News

Spring stocks are beginning to arrive, just received a big shipment of Stetson Hats and Society Brand Clothes.

Our salesmen always give them a try on and a critical once over when they first come in and they all admired them very much. Its a trifle early to elaborate on them now but later when we're to tell you about them you'll enthuse just as we have when they first arrived.
